112	Travel and Tourism (S5 only) National 5 (SCQF Level 5)
113	Up in the Air and on the Ground (SCQF Level 4/5)

INTRODUCTION

S5/6 Course Choice

Making the right course choices in S5 and S6 is a very important part of your educational development. The choices that you make at these times are crucial to your educational future and your possible career thereafter. It is vitally important, therefore, that you take the option choice process seriously and that you give it your full attention and commitment.

It is important that your course choices are based on full and accurate information. This document is a starting point and contains details of each of the courses on offer. You should read it carefully. You should also discuss your course choices with your family and friends as this will give you every opportunity to think through your decisions.

You will, of course, receive advice and support from staff in the school. You will have a formal options interview with your pupil support teacher; however, by this point you should more or less know what subjects you are planning to take. If you are unsure, you should speak to your pupil support teacher and/or your subject teachers prior to your options interview. In addition to this, you can request a careers appointment through your pupil support teacher. It is essential that those of you who are considering further study at college or university check carefully which subjects are essential for your preferred courses. You will find this information by checking the prospectus or website of the college or university concerned. Again, speak to your pupil support teacher if you need help.

Your course choices are vitally important to your future. Think carefully before you make any decisions and remember to seek advice if you are unsure.

Important dates for your planner

- Tuesday 27 January 2026
Curricular Choice Evening
- Friday 06 March 2026
S5 into S6 Choosing for Success
- Tuesday 09 March 2026
S4 into S5 Choosing for Success

Choosing Subjects

When you were choosing your subjects at the end of second year; you were advised to keep a balanced set of subjects and not to cut out any subjects which might be important later on. This time, you should be thinking more selectively about which subjects to take.

You should take the following factors into account

- Choose subjects that are essential for your chosen career area / university or college course
- Choose the subjects that you are most likely to pass at the next level and at the highest grade
- Choose subjects that you enjoy
- Keep a balanced range of subjects if you are still unsure of a career area

The correct choice of subject is vitally important. In S4 you studied eight, nine or ten subjects, whereas in S5 you will be studying 5 subjects.

You must choose a sensible set of subjects, especially if you intend to go on to Higher or Further Education. To ensure progression you must choose the correct LEVEL to study in each subject. The 5 subjects will be chosen from the eight, nine or ten subjects that you are currently studying. (NB this can include PE and RMPS).

You should by now have some idea of the kind of Higher Education, Further Education, training course or career for which you are aiming and you should be aware of any subjects that you require to study in order to achieve that aim. It may be difficult for students to decide which other subjects to choose. You should speak to your class teachers, Pupil Support teacher and your parents who can all advise you of your realistic prospects in your proposed course.

If you are considering applying to university, particularly for courses such as Medicine, Veterinary Medicine, Dentistry, Physiotherapy and Pharmacy you are advised to consult the university website and/or telephone the admissions officer, as the entrance requirements can change from year to year.

GENERAL ADVICE

“Crash” Subjects

Only students in S6 can take a “crash” Higher - i.e. in a subject that they have not previously studied to National 5 level. Advice should be sought from the relevant subject principal teacher and also from your pupil support teacher as this is not an easy option.

Career choice

Students planning to take up full-time employment or training after sixth year should take advice from their pupil support teacher and from the Careers Advisor on appropriate subject choice. There are a variety of vocational options within the vocational programme which may be of relevance and interest. Students can take a combination of school based courses and college based courses.

Pupil Support

Your Pupil Support teacher will be able to advise you about the balance of subjects you are considering, and their appropriateness in the light of your progress over the past few years and in the context of any career interests you may already have.

Subject Teacher

Your current S5 teachers will be able to tell you whether you have a realistic chance of success if you take that subject to a more advanced level.

If you are thinking of starting a new subject or “crash” subject, be sure that you really understand what will be involved - how much practical work, how much written work, how much homework, what work you might need to catch up in your own time - the best person to ask is the Principal Teacher of that department.

Careers Interview

Any pupil in the school can request an appointment with the Careers Advisor at any time. A self-referral system is in operation - please speak to your pupil support teacher if you wish to request an interview.

Vocational Programme

East Renfrewshire Council and Williamwood High School have developed a very successful vocational programme providing young people with the opportunity to achieve qualifications and a progression route that fits them best, and that will serve their interests, talents and ambition.

Pupils interested in college based options should see their pupil support teachers to find out more. This will not commit pupils to a course but will give them, and their parents, the opportunity to consider the courses available so they may make a relevant and appropriate choice.

On the school option form there is a box to tick if pupils are interested in work-related courses. Pupils who tick this box will be given the opportunity to find out more about the specific courses on offer as further details become available. In the meantime, you may wish to contact Mr A Thomson (Principal Teacher of Pupil Support) who will be happy to discuss the vocational programme with you and answer any questions you may have.

CHOOSING THE RIGHT COURSES

To maximise attainment and post school opportunities it is essential that young people choose courses that build on **strengths** from prior learning.

In order to support young people to make the correct decision regarding their options for S5 or S6, they will meet with their Pupil Support teacher to discuss their option choices and receive a recommended pathway on their school report, from each department.

It is essential that young people, teachers and parents work together and use all information available to make the right choices and maximise their opportunities. Every year we encounter young people struggling, often with subjects they were advised not to take.

Progression from National 5 to Higher Charts

The table shows the % of pupils who failed Higher in 2025 based on their National 5 results in 2024 across **East Renfrewshire**:

e.g. For a pupil who gains an A-grade pass at National 5 Biology, the table shows they have a 2% chance of failing Higher Biology.

For a pupil who gains a C-grade pass at National 5 Chemistry, the table shows they have an 85% chance of failing Higher Chemistry.

		Grade Achieved at National 5		
		A	B	C
% pupils failing Higher	Administration	0	16	45
	Art and Design	1	16	25*
	Biology	2	22	52

	Physical Education	1	8	9
	Physics	4	24	63
	Spanish	2	NA	83*
	All Subjects	3	28	58

BACKGROUND

What is East Renfrewshire's Vocational programme?

East Renfrewshire's Vocational Programme brings various council services together with local employers and colleges of further education, to provide a range of stimulating vocational courses for pupils. The programme currently offers approximately 500 places providing a broader range of options for East Renfrewshire pupils entering 5th or 6th year (with S4 places available) offering them the opportunity to study for a vocational or national qualification together with their other subjects.

Who can apply for a place on the programme?

Pupils attending East Renfrewshire secondary schools who are about to enter 5th or 6th year (S4 are eligible). Places are limited; therefore pupils will be nominated and interviewed by their school prior to a place being offered. If courses are oversubscribed or pupils are unsuccessful they will be placed on a reserve list and advised if a place becomes available.

How is the programme delivered?

Courses run during the academic year and will be delivered within the school week. Locations and duration are given in the appropriate programme page. Pupils do not attend during in-service days, exams, public holidays and/or school holidays.

What is a Foundation Apprenticeship?

A Foundation Apprenticeship can help young people gain valuable, real-world work experience and access work-based learning while still at school, closing the gap between the classroom and the workplace.

By giving young people earlier exposure to the world of work, we're helping them develop the skills, experience and knowledge they'll need when they leave school.

For young people it's the chance to get a head start on their careers by gaining an industry-recognised qualification, work on real projects and broaden their career options when they leave school.

And for employers, it's the chance to attract highly motivated and committed young people who are willing to learn, identify young people who are right for their business and ensure their organisation has people with the skills they need.

Learning in the workplace

Foundation Apprenticeships are a work-based learning opportunity for secondary school pupils in S5. Young people spend time out of school at college or with a local employer, and complete the Foundation Apprenticeship alongside their other subjects like National 5s and Highers.

The qualification takes two years to complete and is linked to one of six key sectors of the Scottish economy, so young people are getting industry experience which will help them kick-start a successful career in their chosen field.

A Foundation Apprenticeship can lead straight into a job, further study at college or university, or a Modern Apprenticeship

You may wish to source a work placement yourself. This would need to be health and safety checked by Gateway Service.

GENERAL INFORMATION

Joining

- All secondary schools in East Renfrewshire participate in this programme, so places are limited. The vocational programme office and your school can provide you and your parents with further information on each option and its availability
- You will discuss with your Pastoral/Pupil Support Teacher the most suitable course
- Prior to starting and once your place has been confirmed your parent or carer must complete a "joining form" available online
- The joining form provides permission for you to attend

Transport

- Transport will take you to your location and will return you back to school at the end of the afternoon
- If you do not live near the school your parent or carer will need to make arrangements to pick you up at the end of the day if they do not wish you to make your own way home
- There may be some independent travel

Health & Safety

As some of the options will require you to operate equipment, use tools or work in certain specialised areas, special clothing may be required, known as "personal protective equipment" (PPE). If required you will be provided with PPE.

- You must bring your PPE each week. Please complete this section online
- All training venues, activities and tasks that you undertake have been risk assessed to ensure safety standards are met
- You are expected to conduct yourself in a safe and appropriate manner
- All bus and taxi drivers work to specific standards, fully observing health and safety regulations

How will a vocational course help me?

- Vocational courses are intended to provide a pathway for you to employment, training or further and higher education

Who would consider these options?

- You should be well mannered, mature, well behaved and keen to adapt to a college learning environment
- You should be interested in learning about your chosen option
- You should be prepared to fully participate in all aspects of the programme
- You should be working at the appropriate level in school with an aptitude and enthusiasm for your chosen option

The difference

- Vocational qualifications are part of the same structure and covered by the same arrangements as subjects delivered in school
- Whilst progressing through the programme, you will naturally work towards five core skills which are transferable into the world of work: communication, numeracy, working with others, problem solving and information technology
- All courses have been developed to recognise the needs of future employers, and in most cases the relevant industry sector has assisted with the development

Gateway Shared Services

Gateway is a dynamic public sector, not-for-profit organisation, which specialises in providing online and printed careers, education and work-related information resources for young people.

These support the development of career management and employability skills.

Find out more about Gateway by visiting www.ceg.org.uk

Resources

The valuable resources available in school and online include:

- **Planit** at www.planitplus.net
Providing accurate, up-to-date information on: over 700 jobs, college and university courses throughout Scotland and a range of interactive tools.
- **Workit** at www.workit.info
An online system for managing work placement applications, used by pupils to identify and book suitable placements.

Skills for the future: Meta-Skills

To ensure we thrive as individuals, businesses and on an economic and a societal level, we all need to develop new skills. These skills are not just to help us cope in this environment of ongoing change. They are skills to excel; to collaborate and empathise with others and to create our own futures. We have termed these skills for the future 'meta-skills'. The meta-skills covered will help learners to adapt to and embrace the inevitable changes to industry, job roles and society that are expected as a result of continuing technological advance. The development of these meta-skills, together with the three literacies (literacy, numeracy and digital literacy), will support learners as they prepare themselves for this uncertain and constantly evolving future. It will also help centres to develop innovative delivery and assessment methods that maximise the opportunities for skills development (meta-skills and literacies) to be integrated throughout delivery and assessment.

These skills, alongside the literacies, have been grouped into the following categories, as shown in the diagram below.

WHAT ARE A FEW OF THE META SKILLS I WILL DEVELOP?

Self Management

Initiative

Courage
Independent Thinking
Risk Taking
Decision Making
Self Belief
Self Motivation
Responsibility
Enterprising

Innovation

Creativity

Imagination
Idea Generation
Visualisation

Social Intelligence

Communicating

Receiving Information
Giving Information

Skills Development Scotland

At Skills Development Scotland (SDS) we provide young people with a range of career information, advice and guidance. Our professionally qualified School Careers Advisers are available to support young people at key decision stages as they progress through school. Careers information and advice is also delivered through our websites [My World of Work](#) and [Apprenticeships.scot](#).

Young people and their parents or carers can make an appointment to speak to their SDS careers adviser in school at any time if they are feeling worried about their career journey.

ACCOUNTING (S6 ONLY)

Higher (SCQF Level 6)

COURSE OUTLINE

The aim of the Higher Accounting course is to help you to understand and use financial information. You will learn to prepare accounting statements as well as analyse, interpret and report on a company's financial performance. The skills you will develop in this course include numeracy and logical reasoning. The course combines practical and theoretical aspects of learning related to accounting, and will allow you to use IT for some tasks.

PUPIL ELIGIBILITY

You must have:

- An interest in Accounting

QUALIFICATION BREAKDOWN

Accounting SCQF Level 6:

- Financial Accounting
- Management Accounting
- Analysing Accounting Information

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to do:

- Other National Qualifications, National Certificates, Higher National Certificates, Higher National Diplomas and degrees in accountancy or other business related subjects. The level you might enter would depend on the level and relevance of your other qualifications.
- Employment and/or training in an accounting related industry

ACCOUNTING

City of Glasgow College – City Campus SCQF Level 6 – *Open to S5/6 Pupils*

COURSE OUTLINE

The aim of the Higher Accounting course is to help you to understand and use financial information. You will learn to prepare accounting statements as well as analyse, interpret and report on a company's financial performance. The skills you will develop in this course include numeracy and logical reasoning. The course combines practical and theoretical aspects of learning related to accounting, and will allow you to use IT for some tasks.

ATTENDANCE PATTERN

Tuesday & Thursday afternoons (1.30pm to 4pm).
The duration of the course is August to May.

Please note, you will travel home independently by bus or train from the City of Glasgow College. Please refer to the Scottish Government free travel for young people under 22.

PUPIL ELIGIBILITY

You must have:

- National 5 Accounting or Mathematics and English at Grade C or above. Due to the nature of this subject pupils should expect to spend around 2 hours a week outside class revising layouts and classwork.

QUALIFICATION BREAKDOWN

Higher Accounting SCQF Level 6:

- Financial Accounting
- Management Accounting
- Analysing Accounting Information.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to do:

- Other National Qualifications, National Certificates, Higher National Certificates, Higher National Diplomas and degrees in accountancy or other business related subjects. The level you might enter would depend on the level and relevance of your other qualifications
- Employment and/or training in an accounting related industry
- Skills Development Scotland professionally qualified careers advisers are available in school to support young people with making key career decisions as they progress through school, and beyond.

ARCHITECTURE AND CREATIVE INDUSTRIES

Higher (SCQF Level 6)

COURSE OUTLINE

Architecture and Creative Industries at Level 6, provides candidates with a deeper understanding of the world of creative industries and design within Scotland. This Level 6 course, offers a path of progression from the Level 5 Architecture and Creative Industries course. However, this course can also be taken as a standalone qualification at Level 6, equivalent to a Higher qualification. Research, investigation and creativity are all at the heart of the course, making it interesting and varied. The Architecture and Creative Industries course develops the knowledge and skills required for employment or further study within the Creative Industries. Within Scotland, there are several Creative Industries. This course offers an insight into the industry sectors of Architecture, Product Design and Graphic Design. Pupils will be afforded the opportunity to gain an insight into all of these sectors and choose the one that they are most interested in to explore further. Throughout the course, pupils will complete varied research and investigation tasks, towards given briefs, culminating in final design proposals. There will also be opportunities for physical modelling in response to tasks.

PUPIL ELIGIBILITY

- Keen interest in the Creative Industries
- Keen interest in Sketching and Design
- Good level of Literacy

COURSE AIMS

The aims of the course are to enable students to gain invaluable experience within areas such as:

- Job roles and responsibilities of those working within the Creative Industry sector
- Transferrable skills within areas such as organisation, communication and evaluative practices. All of which are desired by employers.
- Key aspects of the creative process (media platforms, commissions and legal parameters).
- Structure and language of creative briefs and how they can be interpreted.
- Skills in responding to a creative brief through appropriate investigation, design and presentation.

COURSE STRUCTURE AND ASSESSMENT

In order to gain an award within this course, pupils must pass all of the mandatory units and assessments outlined within the course. There are four units within the course, and all of them are mandatory.

The units are structured as follows:

1. Unit One: An Introduction to Creative Industries within Scotland

Unit one will consist of a research task that will focus on the following areas:

- Investigation into the Creative Industries within Scotland
- Investigation into employment within a chosen sector of the Creative Industries
- A review and evaluation on candidate's own employ-ability skills

2. Unit Two: Understanding a Creative Brief

Unit two will require pupils to demonstrate an understanding of the following issues:

- Analysis on the structure of a creative brief
- Exploration of the roles and responsibilities of a client and a creative team
- Methods for responding to a creative brief by way of a presentation to proposed clients

3. Unit Three: The Creative Process

Unit three will allow candidates the opportunity to:

- Focus on creative thinking and collaborative working
- Gain an awareness of the key stages of a creative process
- Interpret a design brief, and they will contribute their own creative ideas to an overall team response
- Discuss and explore different solutions to the given brief
- Work collaboratively to prepare and present a team response to the given brief
- Evaluate the team response to the brief

4. Unit Four: Storytelling for the Creative Industries

The final unit will see candidates:

- Explain the key aspects of storytelling and presentation within the Creative Industries
- Evaluate a selection of creative industry stories for various platforms and audiences
- Create a present an interpretation of a creative industry story in response to a brief

Candidates must pass all four course units in order to secure a course award.

Assessments will be ongoing throughout the course. Candidates will be assessed on areas such as research and investigation, analysis, communication and design. All course work produced by candidates, will be logged and displayed within a design folio and sketchbook. A substantial component of the course, will see candidates produce solutions to two large design project briefs.

The course also requires a percentage of self and peer assessment, which will be carried out throughout the course duration. These assessments will all contribute to a final course award. Candidates will also be expected to undertake a final examination in the form of a question paper to coincide with the course work that they have produced.

ART AND DESIGN

Higher (SCQF Level 6)

COURSE OUTLINE

The Higher Art and Design course provides learners with a broad, practical experience of art and design skills and related Art and Design Studies.

Higher candidates sit a written exam. The Higher course is divided into three components, Expressive, Design and Art and Design Studies.

Expressive and Design are folio based and the art and design studies comprises of a written examination.

PUPIL ELIGIBILITY

Preferable:

- National 5 Art & Design
- An enthusiasm for Drawing, Painting, Building and Making

QUALIFICATION BREAKDOWN

Higher Art & Design SCQF Level 6:

- Art and Design: Expressive Activity
- Art and Design: Design Activity
- Art and Design: Studies

COURSE FOLIO

Expressive Activity Portfolio

You will draw on, extend and apply the skills you have learned during the production of research and initial development. This area of the course enables you to plan, develop, produce and present art work which demonstrates creativity and the application of practical skills. Through further development of observational drawing and painting skills you will explore methods to visually represent the world you live in and communicate your thoughts, ideas and opinions. In the portfolio you will produce, two single object drawings and of compositional studies and an A2 painting.

Design Activity Portfolio

You will draw on, extend and apply the skills you have learned during the production of research and initial development. This area of the course enables you to plan, develop, produce and present design work which demonstrates creativity and the application of practical design skills. Using creativity, problem solving and critical thinking skills, you will resolve design issues and constraints by producing a functional design resolution. Through further development you will produce a variety of design drawings, samples and models. A final design resolution is produced and photographed.

Both portfolios of work will be presented to the SQA for external assessment.

Art and Design Studies - Written Work

By investigating the work of artists and designers, you will develop a critical understanding of a range of art and design practice, enabling you to understand the impact of social and cultural influences on the work of artists and designers.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to do:

- Advanced Higher Art and Design, National Qualifications, National Certificates, Higher National Certificates, Higher National Diplomas
- Employment (including SVQs)
- Exemplify your creativity skills

ART AND DESIGN (ENQUIRY: DESIGN)

Advanced Higher (SCQF Level 7)

COURSE OUTLINE

The Advanced Higher in Design offers you a programme of study which aims to equip you with diversity of thought, freedom of experimentation and play, and the ability to use your imagination to present and develop new Design ideas. Introducing you to the necessary skills, which will allow you to develop your expertise and realise your full creative design potential.

You will show that you can research and investigate a Design area of personal interest. You will plan the investigation, analyse examples of design work and develop design ideas which are both functional and aesthetic. You will express substantiated personal judgments about a design work and the contexts which influenced your work.

PUPIL ELIGIBILITY

Preferably:

- Higher Art and Design
- A keen interest in Visual Art
- An aim to progress to higher levels of study

QUALIFICATION BREAKDOWN

Art & Design Enquiry: Design Advanced Higher SCQF Level 7:

- Art and Design (Design): Design Enquiry
- Art and Design (Design): Design Studies
- Accessible to diverse range of learners

DESIGN ENQUIRY

The portfolio provides evidence of your ability to further develop and resolve your chosen design idea(s). This design work should be clearly based on your selected initial idea(s) and informed by the design brief. The portfolio will be produced over an extended period of time. This allows you the opportunity to develop, reflect on and refine your work before it is presented for external assessment/marking. The completed portfolio is worth 60%, the evaluation is worth 10% and the Design Studies is worth 30%. There is no written exam at this level.

DESIGN STUDIES

Writing a dissertation with a maximum of 2000 words you will produce a contextual analysis of a selected design work by discussing related contexts and analysing their impact on the features of the design work. Candidates reflect on and evaluate their creative decisions and design work

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to do:

- BA Honours Degree in Art and Design
- Other National Qualifications
- Employment (including SVQ's)

ART AND DESIGN (ENQUIRY: EXPRESSIVE)

Advanced Higher (SCQF Level 7)

COURSE OUTLINE

The Advanced Higher in Art and Design (Expressive): Expressive Enquiry will give you the opportunity to show that you can plan and carry out a personal art enquiry. You will select expressive stimuli and produce initial investigative drawings and studies before developing and refining developmental ideas for art work for the enquiry. You will also analyse your creative choices and decisions and independently evaluate your art work. You will learn to find unexpected patterns, by making connections sometimes between quite unrelated things.

You will show that you can research and investigate an art area of personal interest. You will plan the investigation, analysing examples of art work and practice within a chosen area of art. You will express substantiated personal judgements about art work and the contexts which influenced your work.

PUPIL ELIGIBILITY

You must have:

- Higher Art and Design

QUALIFICATION BREAKDOWN

Advance Higher Art and Design (Enquiry: Expressive)
SCQF Level 7:

- Art and Design (Design): Expressive Enquiry
- Art and Design (Design): Expressive Studies

EXPRESSIVE ENQUIRY

The portfolio is to assess your ability to integrate and apply practical art skills and in-depth knowledge and understanding of expressive art practice across the course. You will select one or more examples of your earlier expressive investigative and development work from your unit. You will use this as a basis for developing and producing pieces of highly resolved expressive art work. The portfolio will be produced over an extended period of time. This allows you the opportunity to develop, reflect on and refine your work before it is presented for external assessment/ marking. The completed portfolios worth 60%, the evaluation is worth 10% and the Expressive Studies is worth 30%. There is no written exam at this level.

EXPRESSIVE STUDIES

Writing a dissertation with a maximum of 2000 words you will produce a contextual analysis of a selected artwork by discussing related contexts and analysing their impact on the features of the artwork. Candidates reflect on and evaluate their creative decisions and artwork.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to do:

- A degree in Art and Design or a related field
- Other National Qualifications
- Employment (including SVQ's)

AUTOMOTIVE SKILLS

Glasgow Kelvin College

SCQF Level 4 – *Open to S4/5/6 Pupils*

COURSE OUTLINE

The Skills for Work Automotive Skills will give you an opportunity to develop basic practical skills necessary to work in the automotive industry. You will gain experience of carrying out basic vehicle checks, including the specific skills involved in removal and replacement of components and mechanisms of a vehicle. Relevant jobs such as light and heavy vehicle maintenance, motorcycle maintenance, vehicle fitting, auto electrical, accident repair – body and paint operations, parts distribution and roadside assistance. You will gain an overview and an awareness of the skills required by employers within this industry.

ATTENDANCE PATTERN

Tuesday and Thursday afternoons (1.30pm to 4pm).
The duration of the course is August to June.

PUPIL ELIGIBILITY

You must:

- National 4 Maths and English
- Have a genuine interest in car mechanics and enjoy working as part of a team.

QUALIFICATION BREAKDOWN

Skills for Work: Automotive Skills SCQF 4:

- The Garage
- The Technician
- The Car
- The Vehicle Modification Project.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to do:

- City & Guilds (Entry Level) Automotive Vehicle Maintenance and Repair
- Employment opportunities after training such as, Motor Vehicle Technician Apprentice or Car Valet.

This course will allow a taste of what to expect in the vehicle repair industry. It will give knowledge which could assist in getting a Modern Apprentice position within a garage or alternatively access to a further education course.

- Skills Development Scotland professionally qualified careers advisers are available in school to support young people with making key career decisions as they progress through school, and beyond.

BEAUTY: CUSTOMISED MAKE-UP AND EYE TREATMENTS

Glasgow Clyde College – Langside Campus SCQF Level 6 – Open to S5/6 Pupils

COURSE OUTLINE

The National Progression Award in Customised Make-Up and Eye Treatments course will provide you with the opportunity to learn about different skin types, tones, and principles of colour correction. You will explore how skin deteriorates with age, and how pigmentation changes over time. You will examine the suitability of make-up for certain individuals, such as those with skin conditions or allergies. Through skin analysis, you will identify a client's skin type and tone, then apply make-up using safe and hygienic practices. To further elevate the look, you'll be trained in the application of cluster and strip lashes to complement various eye shapes. You will learn how to spot different face, eye, and eyebrow shapes, and understand when it's safe to carry out eyelash and eyebrow treatments. You will develop practical skills in eyelash lifting, eyebrow lamination, tinting of both eyelashes and eyebrows, and eyebrow shaping. After completing treatments, you will learn how to provide aftercare and home care advice. You will work as part of a salon team, focusing on meeting client needs, treatment timing, personal presentation, and hygiene control.

ATTENDANCE PATTERN

Tuesday and Thursday afternoons (1.30pm to 4pm).
The duration of the course is August to April.

PUPIL ELIGIBILITY

You must:

- Be 16 years of age at the start of the course
- 3 passes at National 5, 1 of which should be English
- Have a keen interest in Beauty Industry
- Enjoy working as part of a team & have a caring, mature approach

You will be required to work on each other, so you must be prepared to be a client or model for all treatments.

QUALIFICATION BREAKDOWN

National Progression Award in Customised Make-Up and Eye Treatments – SCQF Level 6:

- Customised Make-Up
- Eyelash and Eyebrow Treatments

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

Upon successful completion and subject to attendance, effort and commitment you will be offered an Unconditional place within Glasgow Clyde College on one of the following courses. The level you might enter would depend on the level and relevance of your other qualifications.

- National Certificate (NC) or National Qualification (NQ) course in Hairdressing, Barbering, Make-up Artistry or Beauty Therapy. After completing the National Qualification (NQ) or National Certificate (NC) further study at Glasgow Clyde College is available. You can study a Higher National Certificate (HNC) in Hairdressing, Beauty or even Make-up Artistry.

You might go on to do:

- A Modern Apprenticeship, leading to a Scottish Vocational Qualification (SVQ) Levels 2 & 3 in Hairdressing, Barbering, Make-up Artistry and or Beauty Therapy. Apprenticeships usually last for two years
- Attend college or training provider (usually one day a week) whilst in employment (salon) which will include on the job training
- With relevant work experience, you can be employed a salon stylist, Barber, Make-up Artist, Beauty therapist etc, with further opportunities for career progression, as salon manager or even a salon owner
- Skills Development Scotland professionally qualified careers advisers are available in school to support young people with making key career decisions as they progress through school.

WHAT ARE A FEW OF THE META SKILLS I WILL DEVELOP?

Self Management

Initiative

Courage
Independent Thinking
Risk Taking
Decision Making
Self Belief
Self Motivation
Responsibility
Enterprising

Innovation

Creativity

Imagination
Idea Generation
Visualisation

Social Intelligence

Communicating

Receiving Information
Giving Information
Listening
Storytelling

Higher (SCQF Level 6)

COURSE OUTLINE

The Higher Biology course will develop your interest and enthusiasm for biology in a range of contexts. The skills of scientific inquiry and investigation are developed, throughout the course, by investigating the applications of biology. This will enable you to become a scientifically literate citizen, able to review the science-based claims you will meet. This course is a broad and up-to-date selection of concepts and ideas relevant to the central position of life science within our society.

PUPIL ELIGIBILITY

You must have:

- National 5 Biology (Grade A-C)
- National 5 Mathematics

Due to the interdisciplinary nature of the Sciences, it is recommended that candidates also have a pass in National 5 Chemistry or Physics.

QUALIFICATION BREAKDOWN

Higher Biology SCQF Level 6:

- DNA and the Genome
- Metabolism and Survival
- Sustainability and Interdependence

COURSE ASSESSMENT

The assignment has two stages:

- Research stage; and
- Communication stage, during which the report is written.

The assignment report will be externally marked by SQA.

Course Exam – externally set and assessed by SQA.

This is split into 2 Papers - Multiple Choice (25marks) and Extended Response (95 marks).

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to do:

- Advanced Higher Biology
- Human Body Structure and Function (must attain an A in Higher Biology)
- Health Sector
- Entry to employment, training and further or higher education

Advanced Higher (SCQF Level 7)

COURSE OUTLINE

The Advanced Higher Biology course is based on integrative ideas and unifying principles of modern biological science. It covers key aspects of life science at the molecular scale and extends to aspects of the biology of whole organisms that are among the major driving forces of evolution.

In addition, the Advanced Higher Biology course aims to develop a sound theoretical understanding and practical experience of experimental investigative work in biological science.

PUPIL ELIGIBILITY

You must have:

- Higher Biology
- Higher Mathematics

Due to the interdisciplinary nature of the Sciences, it is recommended that candidates also have a pass in Higher Chemistry or Higher Physics.

QUALIFICATION BREAKDOWN

Advanced Higher Biology SCQF Level 7:

- Cell and Proteins
- Organisms and Evolution
- Investigative Biology

COURSE ASSESSMENT

Course Exam – externally set and assessed by SQA. The question paper has two sections.

Section 1 – contains multiple-choice questions and has 20 marks.

Section 2 – contains structured and extended-response questions and has 80 marks.

Investigation (project)

The purpose of the project is to allow you to carry out an in-depth study of a biology topic. You will individually investigate the underlying biology of your chosen topic, as well as extend and apply the skills of independent /autonomous working. This will further develop and enhance your scientific literacy and assess the application of skills of scientific inquiry and related biology knowledge and understanding.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to do:

- HND/degree in a biology based course
- Entry to employment in a biology-based discipline or related area

BUILDING SERVICES ENGINEERING

Glasgow Kelvin College - Springburn Campus

SCQF Level 4 – Open to S5/6 Pupils

COURSE OUTLINE

The National 4 in Building Service Engineering will provide you with the knowledge and understanding of building services engineering and the course will allow you to develop transferable skills such as problem solving, planning, organisational and communication skills.

ATTENDANCE PATTERN

Tuesday and Thursday afternoons (1.30pm to 4pm).
The duration of the course is August until April.

PUPIL ELIGIBILITY

You must have:

- National 4 Maths
- An interest in working in the electrical, plumbing or HVAC industry.

QUALIFICATION BREAKDOWN

National 4 in Building Services Engineering SCQF Level 4:

- Building Services Engineering: Introduction to Safe Working Practices
- Building Services Engineering: Introduction to Energy
- Building Services Engineering: Introduction to Science
- Building Services Engineering: An Introduction
- Building Services Engineering: Employability Skills.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to do:

- Modern Apprenticeships in Heating and Ventilation, Service and Maintenance, Refrigeration and Air Conditioning or general employment in the engineering or construction industry
- A National Progression Award in Building Services Engineering. The level you might enter would depend on the level and relevance of your other qualifications
- Skills Development Scotland professionally qualified careers advisers are available in school to support young people with making key career decisions as they progress through school, and beyond.

BUILDING SERVICES ENGINEERING

Glasgow Kelvin College - Springburn Campus

SCQF Level 6 – Open to S6 Pupils

COURSE OUTLINE

The National Certificate (NC) in Building Services Engineering will provide you with the opportunity to develop the knowledge, understanding and skills of the building services engineering sector of the construction industry.

ATTENDANCE PATTERN

Monday and Wednesday all day.

Please note, that unlike other options, this course requires continuous attendance from August to June and may impact on other subjects attendance. In addition, you will travel independently by bus or train.

PUPIL ELIGIBILITY

You must have:

- National 5 Maths and a Science at A or B level.

QUALIFICATION BREAKDOWN

**National Certificate in Building Services Engineering
SCQF Level 6:**

Mandatory Units:

- Health and Safety
- Graphical Detailing
- Science
- Electrical and Electronic Technology
- Building Services Engineering Technology
- Mathematics: Technician
- Construction Technology & Design
- Building Services Engineering: Design Project.

You will study optional units to be discussed with the lecturer once course commences, such as:

- Heating and Plumbing
- Air Conditioning and Ventilation
- Refrigeration Technology
- Planning, Organisation and Control of Resources in Construction.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to:

- Modern Apprenticeships in Heating and Ventilation, Service and Maintenance, Refrigeration and Air Conditioning or general employment in the engineering or construction industry
- A Higher National Certificate (HNC) in Building Services Engineering, Electrical Installation, Plumbing, Mechanical Engineering or Manufacturing Engineering
- Skills Development Scotland professionally qualified careers advisers are available in school to support young people with making key career decisions as they progress through school, and beyond.

BUILDING SERVICES ENGINEERING

Glasgow Kelvin College - Springburn Campus

SCQF Level 7 – Open to S6 Pupils

COURSE OUTLINE

The Higher National Certificate (HNC) course will provide you with the opportunity to develop technical skills in Building Services Engineering. You will undertake a course of study that relates to the design, installation, maintenance and management of heating, ventilation and air conditioning (HVAC) systems within commercial/industrial buildings.

ATTENDANCE PATTERN

Monday and Wednesday all day.

Please note, that unlike other options, this course requires continuous attendance from August to June and may impact on other subjects attendance. In addition, you will travel independently by bus or train.

PUPIL ELIGIBILITY

You must have:

- Higher Maths or Physics.

QUALIFICATION BREAKDOWN

Higher National Certificate in Building Services Engineering SCQF Level 7:

- Design Principles and Application
- Heating
- Ventilating and Air Conditioning
- Thermofluids and Acoustic Criteria
- Analytical Methods
- Building Services Engineering Science
- Piped Distribution Services
- Health and Safety in the Building Services Industry
- Building Services Project Management
- Final Project.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to:

- Glasgow Kelvin College has an articulation partnership with many universities to a degree in engineering
- Modern Apprenticeships in Heating and Ventilation
- Service and Maintenance
- Refrigeration and Air conditioning or general employment in the engineering or construction industry
- Skills Development Scotland professionally qualified careers advisers are available in school to support young people with making key career decisions as they progress through school, and beyond.

City of Glasgow College SCQF Level 7/8 – *Open to S6 Pupils*

COURSE OUTLINE

The Higher National Certificate in Business aims to develop the required knowledge and skills required for employment in a business environment, enabling you to enter a range of administrative, commercial or managerial positions. It will provide you with the opportunity to adopt an innovative and creative approach to work; give you the tools to respond quickly to challenges posed by changes in the business environment.

ATTENDANCE PATTERN

Tuesday and Thursday all day (9.30am to 4pm).

Please note, that unlike other options, this course requires continuous attendance from August to June and may impact on other subjects attendance. In addition, you will travel independently by bus or train.

PUPIL ELIGIBILITY

You must:

- have 3 passes at National 5 (A-C)
- have 2 Highers (A-C) in relevant subject areas – English Administration, Business and Management, Economics, History, Modern Studies, Maths or a Science Subject.

This course is demanding in terms of written work, study at home and group work.

QUALIFICATION BREAKDOWN

Higher National Certificate (HNC) in Business – SCQF Level 7/8 Mandatory Units:

- Managing people and Organisations
- Marketing
- Economic Issues
- Accounting for Business
- Business Communication
- IT in Business: Spreadsheets
- Business: Graded Unit 1
- Business Fundamentals and Emergent Technologies

A range of Optional units are available such as:

- Business Law
- Digital Marketing Communications
- Human Resource Management.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to do:

- Higher National Diploma (HND) in Business Management
- A range of university Degree courses
- Employment opportunities, such as: Banking Advisor, Personal Assistant, Team Leader or Trainee Manager
- Skills Development Scotland professionally qualified careers advisers are available in school to support young people with making key career decisions as they progress through school, and beyond.

BUSINESS MANAGEMENT

Higher (SCQF Level 6)

COURSE OUTLINE

The Higher Business Management course will extend your understanding of the ways in which organisations in the private, public and third sectors operate. You will carry out activities that highlight the opportunities and constraints on these organisations in the pursuit of their strategic goals. You will develop skills and knowledge that will deepen your understanding and critical awareness of the issues facing organisations in the management of people and finance. In addition, you will extend your knowledge that will deepen your understanding of the importance to organisations of having effective marketing and operations systems.

PUPIL ELIGIBILITY

You must have:

- Business Management at National 5
- Interested in a course in Business

COURSE ASSESSMENT

The SQA will assess this course in two parts:

- **Question Paper** – externally set and assessed by the SQA (90 marks). This is made up of case study and extended response questions.
- **Research Project** – externally assessed by the SQA (30 marks) and is on a business and topic of their interest/choice from the Higher course

QUALIFICATION BREAKDOWN

Higher Business Management SCQF Level 6:

- Understanding Business
- Management of People and Finance
- Management of Marketing and Operations

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to do:

- Advanced Higher Business
- A full time higher education course, such as a Higher National Certificate (HNC), Higher National Diploma (HND) or degree. The level you might enter would depend on the level and relevance of your other qualifications
- Employment (including SVQs)

BUSINESS MANAGEMENT

Advanced Higher (SCQF Level 7)

COURSE OUTLINE

This course is designed for students who wish to continue their study of Business Management beyond Higher and who subsequently may wish to continue their studies at college or at university. Topics covered by these units consist of; the EU, Corporate Social Responsibility and Ethics, growth of multinationals, transfer pricing, equality and diversity, leadership and management theories, teams and time and task management.

Advanced Higher Business will also give pupils the opportunity to lead and take a managerial role within the Young Enterprise Team.

PUPIL ELIGIBILITY

You must have:

- Business Management at Higher level

QUALIFICATION BREAKDOWN

Advanced Higher Business Management SCQF Level 7:

- The External Business Environment
- The Internal Business Environment
- Evaluating Business Information
- Interested in a Business Degree

COURSE ASSESSMENT

The SQA will assess this course in two parts:

- **Question Paper** - externally set and assessed by the SQA (80 marks). This is made up of case study and extended response questions.
- **Research Project** - externally assessed by the SQA (40 marks) and is on a topic of their interest/choice from the Advanced Higher course.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to do:

- Higher Business Management
- Higher National Diploma (HND) or Degree level studies in a wide range of Business courses at College or University. Advanced Higher Business covers many topics learnt in first year university on universal Business courses. The level you might enter would depend on the level and relevance of your other qualifications
- Employment within HR Management, Marketing and Sales, Retail, Banking and Accountancy

BUSINESS SKILLS - FOUNDATION APPRENTICESHIP

City of Glasgow College

SCQF Level 6 – Open to S5 Pupils for 2 Year Model / S6 for 1 Year Model

COURSE OUTLINE

The aim of the Foundation Apprenticeship is to provide you with a range of business and IT skills allowing you to apply a solutions-based approach to improving business processes, to work logically and methodically to pre-set deadlines.

ATTENDANCE PATTERN

Please refer to your Pastoral/Pupil Support Teacher regarding the attendance pattern.

Please note, that unlike other options, this course requires continuous attendance from August to April with a possible week in June. This may impact on other subjects attendance. In addition, you will travel home independently by bus or train from the City of Glasgow College. Please refer to the Scottish Government free travel for young people under 22.

PUPIL ELIGIBILITY

- National 5 in English, Maths, Business or IT subject
- Achieved or working towards Higher (A-C) in relevant subject areas – Economics, Accounts, Business etc. by end of S6

A short personal statement on why you want to study a Foundation Apprenticeship is required.

Please note if studying Business Higher at school 2 of the 3 business units are included in the Foundation Apprenticeship.

QUALIFICATION BREAKDOWN

Foundation Apprenticeship in Business Skills SCQF Level 6 GR50 46: National Progression Award in NPA in Business Skills SCQF Level 6 Mandatory units:

- Understanding Business
- Management of People and Finance
- PC Passport: Working with IT Software – Word Processing & Presenting Information
- PC Passport: Working with IT Software – Spreadsheet and Database
- Contemporary Business Issues.

Work Based Challenge Unit

- Work Placement

4 units from SVQ Level 3 Business and Administration SCQF Level 6:

- Plan how to manage own performance in a business environment
- Communicate in a business environment
- Support other people to work in a business environment
- Design and produce documents in a business environment.

A Foundation Apprenticeship is a work based learning apprenticeship, where you are expected to attend work placements either physically or remotely including work shadowing, industry talks, industry visits and work related training.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to do:

- Employment opportunities such as, office supervisor, assistant manager or team leader
- A full time higher education course, such as a Higher National Certificate (HNC), Higher National Diploma (HND) or degree

The level you might enter would depend on the level and relevance of your other qualifications

- Skills Development Scotland professionally qualified careers advisers are available in school to support young people with making key career decisions as they progress through school, and beyond.

CHEMISTRY

Higher (SCQF Level 6)

COURSE OUTLINE

The Higher Chemistry course provides a good basis for the future study of chemistry and chemistry-related subjects in higher education or if you wish to pursue a career in a science-based area.

The Higher Chemistry course builds upon prior learning and covers key areas of organic, physical, inorganic and analytical chemistry. The 'Researching Chemistry' unit provides you with the opportunity to develop and apply your literacy, numeracy, communication and scientific investigative skills within a topical, scientific context.

PUPIL ELIGIBILITY

You must have:

- National 5 Chemistry and National 5 Mathematics

QUALIFICATION BREAKDOWN

Higher Chemistry SCQF Level 6:

- Chemical Changes and Structure
- Nature's Chemistry
- Chemistry in Society

COURSE ASSESSMENT

SQA Question Papers (80% of final grade)

Question Paper 1 – 25 marks of multiple choice questions (40 mins).

Question Paper 2 – 95 marks of written questions (2 hrs 20 mins).

Completed during the main SQA diet of exams, April – June.

Assignment (20% of final grade)

A written report of a chemical investigation completed during the Researching Chemistry Unit.

The Assignment Report is externally marked by the SQA.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to do:

- Advanced Higher Chemistry
- A full time higher education course, such as a Higher National Certificate (HNC), Higher National Diploma (HND) or degree. The level you might enter would depend on the level and relevance of your other qualifications

CHEMISTRY

Advanced Higher (SCQF Level 7)

COURSE OUTLINE

The Advanced Higher Chemistry course will develop your knowledge and understanding of the physical and natural environments. The course builds on the Higher level, developing further the underlying theories of chemistry and the practical skills used in the chemical laboratory. The course also develops the skill of independent study and thought that are essential in a wide range of occupations.

PUPIL ELIGIBILITY

You must have:

- Higher Chemistry and Higher Mathematics

QUALIFICATION BREAKDOWN

Advanced Higher Chemistry SCQF Level 7:

- Inorganic and Physical Chemistry
- Organic Chemistry and Instrumental Analysis
- Researching Chemistry

COURSE ASSESSMENT

SQA Question Paper (75% of final grade)

3 hour exam, consisting of 25 marks of multiple choice questions and 85 marks of written questions.

Completed during the main SQA diet of exams, April – June.

Project (25% of final grade)

The project will assess the application of skills of scientific inquiry and related chemistry knowledge and understanding. It requires you to demonstrate aspects of challenge and application; you will apply skills of scientific inquiry, using related knowledge, to carry out meaningful and appropriately challenging tasks in chemistry and communicate findings in a report.

The project will be externally marked by the SQA.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

Further study at a higher education undertaking Higher National Diplomas (HND) and degrees in Science, Engineering, Medicine and Teaching. The level you might enter would depend on the level and relevance of your other qualifications.

CHILDCARE DEVELOPMENT

Glasgow Clyde College – Langside Campus SCQF Level 4 – Open to S5/6 Pupils

COURSE OUTLINE

The Skills for Work (SfW) in Early Education and Childcare course at Glasgow Clyde College is designed as an introduction to early learning and childcare and will help you to begin to understand some of the demands and responsibilities of working in this sector. You will have the opportunity to acquire critical generic employability skills through a variety of practical experiences that are linked to this particular vocational area, early learning, childcare and play work.

Please note that there is no placement attached to this course.

ATTENDANCE PATTERN

Tuesday and Thursday afternoons (1.30pm to 4pm).
The duration of the course is August to April.

PUPIL ELIGIBILITY

You must have:

- English National 4.

QUALIFICATION BREAKDOWN

Skills for Work: Early Education and Childcare SCQF Level 4:

Mandatory Units:

- Child Development
- Play in Early Learning and Childcare
- Working in Early Learning and Childcare

Candidates also study one optional Unit which will be chosen by the college:

- Care of Children
- Maintenance of a Safe Environment
- Contemporary Families.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

Upon successful completion and subject to attendance, effort and commitment you will be offered an Unconditional place within Glasgow Clyde College on one of the following courses. The level you might enter would depend on the level and relevance of your other qualifications.

- A one-year full time National Certificate (NC) or National Qualification (NQ) course in Early Education and Child Care.

You might also go on to do:

- A one-year full time higher education course, such as a Higher National Certificate (HNC) in Early Education and Childcare. You may be able to progress to a Nursery Manager post once you have achieved a degree or equivalent in Childhood Practice
- A Modern Apprenticeship in Childcare or Early Years Care and Education, leading to a Scottish Vocational Qualification (SVQ) Levels 2 to 4 in Children's Care, Learning and Development
- Skills Development Scotland professionally qualified careers advisers are available in school to support young people with making key career decisions as they progress through school, and beyond.

WHAT ARE A FEW OF THE META SKILLS I WILL DEVELOP?

Self Management

Initiative

Innovation

Creativity

Social Intelligence

Communicating

CIVIL ENGINEERING

Glasgow Kelvin College – Springburn Campus

SCQF Level 7 – *Open to S6 Pupils*

COURSE OUTLINE

The Higher National Certificate (HNC) in Civil Engineering will provide you with the opportunity to develop your understanding of specialist technical knowledge in Civil Engineering, enhance your understanding of construction design, practice and management. The qualification in Civil Engineering will give you the skills, knowledge and understanding you need to achieve high performance in the national and international construction environment. The course is an ideal stepping stone for those for those with ambitions of working within Civil Engineering in a professional, managerial or technical capacity.

ATTENDANCE PATTERN

Monday and Tuesday all day.

Please note, that unlike other options, this course requires continuous attendance from August to June and may impact on other subjects attendance.

In addition, you will travel independently by bus or train.

PUPIL ELIGIBILITY

You must have:

- Higher Maths, Physics or Technological Higher subject Grade C or above OR successful completion of NQ engineering/construction OR Foundation Apprenticeship.

QUALIFICATION BREAKDOWN

Higher National Certificate in Civil Engineering SCQF Level 7:

Mandatory Units:

- Technology, Materials and Testing
- Contract and Project Management
- Specialisms
- Construction:
- Site Surveying
- Substructure
- Technical Communication
- Structural:
- Mechanics
- Final Project

You will study optional units to be discussed with the lecturer once course commences, such as: :

- Geotechnics
- CAD
- Highways
- Mathematics.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to do:

- Employment
- A full time higher education course, such as a Higher National Diploma (HND) or degree. The level you might enter would depend on the level and relevance of your other qualifications
- Skills Development Scotland professionally qualified careers advisers are available in school to support young people with making key career decisions as they progress through school, and beyond.

COMPUTER GAMES DEVELOPMENT

City of Glasgow College – City Campus SCQF Level 5 – *Open to S5/6 Pupils*

COURSE OUTLINE

The National Progression Award (NPA) in Computer Games Development will introduce you to the genres, trends and emerging technologies at the cutting edge of the computer games industry. You will explore core concepts such as design, media assets and development. Working with the latest software programs, you will learn about digital planning and design, creation of media assets, and development and testing. In addition to improving your computational thinking skills, the course will provide you with the opportunity to develop employability skills and core skills through collaborative enterprise activities.

ATTENDANCE PATTERN

Tuesday and Thursday afternoons (1.30pm to 4pm).
The duration of the course is August to April.

Please note, you will travel home independently by bus or train from the City of Glasgow College. Please refer to the Scottish Government free travel for young people under 22.

PUPIL ELIGIBILITY

You must have:

- 3 passes at National 5, 1 of which should be Maths
- Some aptitude for code at an introductory level, although these skills will be developed throughout the course.

QUALIFICATION BREAKDOWN

**National Progression Award in Computer Games Development
SCQF Level 5:**

- Computer Games Design
- Computer Games Media Assets
- Computer Games Development.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You will have the opportunity to progress to studying the National Certificate (NC) in Computer Games Development. If you have Higher Maths progression to the Higher National Certificate/Diploma (HNC/D) in Computer Games Development is encouraged.

You might go on to do:

- A full time higher education course, such as a Higher National Certificate (HNC), Higher National Diploma (HND) or degree, in the computer games industry, computer games (Design), programmer, or related area of study. The level you might enter would depend on the level and relevance of your other qualifications
- A career in graphic design or as a games tester
- Skills Development Scotland professionally qualified careers advisers are available in school to support young people with making key career decisions as they progress through school, and beyond.

COMPUTING SCIENCE

Higher (SCQF Level 6)

COURSE OUTLINE

The course introduces candidates advanced computational processes, which you will learn to apply across a variety of contemporary contexts. You will also gain an awareness of the important role that computing professionals play in meeting the needs of society today and for the future.

You will develop your skill in analysis, design, implementation, testing and evaluation to create a range of complex digital solutions through the use of programming, database and website development. You will then learn how to communicate advanced computing concepts and explain computational behaviour clearly and concisely, using appropriate terminology. Finally, you will develop awareness of current trends in computing technologies and their impact in transforming and influencing our environment and society.

PUPIL ELIGIBILITY

You must have:

- Computing Science at National 5 at level A or B
- Interested in a course in Computing

QUALIFICATION BREAKDOWN

- Software Design and Development (45 marks)
- Computer Systems (10 marks)
- Database Design and Development (25 marks) OR Web Design and Development (25 marks)
- Interested in a Degree in a Computing related subject

ASSESSMENT IS COMPRISED OF:

- Examination – 80 marks May
- Practical Assignment – 40 marks Feb/March

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to do:

- A full time higher education course, such as a Higher National Certificate (HNC), Higher National Diploma (HND)
- Degree in a variety of computing related disciplines such as Web Design, Computers Games Design, Cyber Security or Software Engineering

The level you might enter would depend on the level and relevance of your other qualifications

COMPUTING SCIENCE

Advanced Higher (SCQF Level 7)

COURSE OUTLINE

The AH Computing Science course offers students the opportunity to explore Computing Science in greater depth. It prepares students with not only the technical knowledge to implement solutions but also the project management skills to see a project through to completion successfully. The course is especially suited to students considering a career in Computing Science. It will also benefit any student who wishes to develop their skills in critical thinking, problems-solving and planning.

ENTRY TO THE COURSE

This is at the discretion of the school but you would normally be expected to have attained Higher Computing at grade B or above.

COURSE STRUCTURE

The course consists of three units:

Software Design and Development

- Consider Project Planning and Development processes in the context of creating software
- Advanced Data Structures – Parallel Arrays, Arrays of Records, Arrays of Objects, 2D Arrays
- Object-Oriented Programming
- Searching and Sorting Algorithms

Database Design and Development

- Consider Project Planning and Development processes in the context of creating databases
- Multi-table Relational Databases
- Server-hosted databases
- Database Definition Language (MySQL)
- Database Manipulation Language (MySQL)

Web Design and Development

- Consider Project Planning and Development processes in the context of creating websites
- Capturing data with HTML Forms
- Responsive design for different devices
- PHP – Server-side scripting

ASSESSMENT

The course is assessed by an external exam set by SQA and a coursework 'project' issued by SQA.

EXAM

- 2 hrs
- 55 marks

PROJECT

- Practical project and written report completed alongside course
- Project integrates learning from two units e.g. a software project that integrates with a database
- 80 marks

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

Computing Science and Information Technology is one of the fastest growing employment areas in the UK and around the world. Advanced Higher Computing Science is an accepted qualification for a variety of courses:

- Computing Science
- Information Science
- Computer Engineering
- Software Engineering
- Cybersecurity
- Games Design

CONSTRUCTION - FOUNDATION APPRENTICESHIP

Glasgow Clyde College - Cardonald Campus

SCQF Level 5 – Open to S5/6 Pupils

COURSE OUTLINE

The Construction Foundation Apprenticeship course includes practical construction crafts units in 5 trade areas. It is a suitable level of entry for candidates with an aptitude for practical crafts work who can cope with demands at National 5. You will learn a variety of skills in the trade specific units. In addition, you will develop skills and attitudes that enhance employability, not just in the Construction industry but in employment generally.

Included in the course is the Work-Based Challenge Unit which will require you to draw on technical skills developed through the course and apply these in a work based situation. The course will have the involvement of an Industry partner in developing and evaluating the challenge.

ATTENDANCE PATTERN

Tuesday and Thursday afternoons (1.30pm to 4pm).
The duration of the course is August to June.

PUPIL ELIGIBILITY

You must have:

- 3 passes at National 5, 1 of which should be Maths
- An interest in working in the construction industry.

WHAT ARE A FEW OF THE META SKILLS I WILL DEVELOP?

QUALIFICATION BREAKDOWN

Construction Foundation Apprenticeship Level 5 SCQF Level 5:

- Work Based Challenge
- Employability and Behavioural Skills
- Develop Bench Joinery Skills
- Introduction to Joinery
- Construction project

A Foundation Apprenticeship is a work based learning apprenticeship, where you are expected to attend industry talks, industry visits and work related training.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

On successful completion of this course, you will have the opportunity to be treated as an internal applicant. This will also be dependent on your attendance and commitment to this course. You could progress on to one of the following full-time programmes. The level you might enter would depend on the level and relevance of your other qualifications.

You might go on to do:

- National Progression Award (NPA) in Joinery SCQF 5
- National Certificate (NC) Built Environment
- Pre Apprentice electrician • Pre Apprentice plumbing.

You might also go on to do:

- A Modern Apprenticeship in construction at craft or operative level. You would train on the job, on a building site or workshop, and off the job at a college or training centre
- A 1 year full time course National Certificate (NC) or National Qualification (NQ) course, in a related area of study such as Construction Skills or Construction Crafts at a college of further education
- Skills Development Scotland professionally qualified careers advisers are available in school to support young people with making key career decisions as they progress through school, and beyond.

CONSTRUCTION SKILLS

Glasgow Clyde College – Vocational Facilities @ Barrhead High School or Cardonald Campus SCQF Level 4 – Open to S5/6 Pupils

COURSE OUTLINE

The City and Guilds Level 1 Award in Construction Skills course will develop your practical skills and enable you to demonstrate your ability to complete common tasks within the construction industry. It will help you gain an understanding of the construction industry and will assist you to make informed choices regarding a career in construction. This course will also provide you with the opportunity to develop your personal development within the industry and participate in project work, which will help to prepare you for the workplace. You are required to work independently and in a team.

ATTENDANCE PATTERN

Tuesday and Thursday afternoons (1.30pm to 4pm).
The duration of the course is August to April.

PUPIL ELIGIBILITY

You must have:

- 3 passes at National 4, which should include Maths and a Technical subject
- An interest in working in the construction industry
- Some aptitude for graphical forms of communication, as you will be required to read basic drawings.

QUALIFICATION BREAKDOWN

National Progression Award Construction Craft and Technician - SCQF Level 4:

- Constructing Halving Joints
- Introduction to Health and Safety in Construction
- Fixing Architraves and Skirtings
- Construction Project.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

Upon successful completion and subject to attendance, effort and commitment you will be offered an Unconditional place within Glasgow Clyde College on one of the following courses. The level you might enter would depend on the level and relevance of your other qualifications.

You might go on to do:

- National Progression Award (NPA) in Carpentry and Joinery SCQF 5
- National Certificate (NC) in Built Environment
- Pre Apprentice Electrician
- Pre Apprentice Plumbing
- Skills Development Scotland professionally qualified careers advisers are available in school to support young people with making key career decisions as they progress through school, and beyond.

CRIMINOLOGY WITH LAW

Glasgow Clyde College – Langside Campus SCQF Level 7 – Open to S6 Pupils

COURSE OUTLINE

Glasgow Clyde College will provide you with the opportunity to gain a Personal Development Award in Criminology with Law. The award aims to provide you with an understanding of the accused's journey through the Scottish Criminal Justice System. You will be given the opportunity to compare the Scottish legal system with that of other countries and through this, discuss the efficacy of the Criminal Justice System, reoffending rates and non-custodial sentences. In addition, you will cover sociological theories of crime and deviance with the topic of the mass media and its influence on public perception being analysed.

ATTENDANCE PATTERN

Tuesday and Thursday afternoons (1.30pm to 4pm).
The duration of the course is August until April.

PUPIL ELIGIBILITY

You must have:

- a minimum of an A or B grade in one of the following subjects: Higher English, Higher Geography, Higher History, Higher Media Studies, Higher Modern Studies, Higher Psychology or Higher Sociology
- a clear interest in the subject area.

QUALIFICATION BREAKDOWN

**Personal Development Award in Criminology and Law
SCQF Level 7**

- Criminology: The Accused's Journey
- Applying Sociological Theories to Sociological Topics
- Crime Scenes

This course is demanding in terms of written work, study at home and group work.

COURSE ASSESSMENT

The course will be assessed in a variety of ways including essay responses and closed book assessment and a research assignment. The assessment approach will enable you to engage in independent research and develop the skills you will require for university entry.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

Students who successfully complete the Personal Development Award (PDA) in Criminology will be offered an unconditional place on Higher National Diploma (HND) in Social Science at Glasgow Clyde College.

You might also go on to:

College or university, degree courses in law, social sciences, criminology or business studies. The level you might enter would depend on the level and relevance of your other qualifications.

- Skills Development Scotland professionally qualified careers advisers are available in school to support young people with making key career decisions as they progress through school, and beyond.

CYBER SECURITY

Glasgow Clyde College – Langside Campus SCQF Level 6 – *Open to S5/6 Pupils*

COURSE OUTLINE

The National Progression Award (NPA) in Cyber Security provides foundation knowledge and skills in data security, digital forensics and ethical hacking – providing a skills pipeline into the Cyber Security industry. The course is designed to raise awareness of Cyber Security and fill the current skills gap in this field. You will learn how to improve your cyber hygiene and resilience, and enable you to identify security vulnerabilities safely, legally and ethically. In addition, this will help you to contribute more safely to virtual communities.

ATTENDANCE PATTERN

Tuesday and Thursday afternoons (1.30pm to 4pm).
The duration of the course is from the end of August to April.

PUPIL ELIGIBILITY

You must have:

- 3 passes at National 5, 1 of which should be Maths or Applications of Maths
- a clear interest in the subject area.

QUALIFICATION BREAKDOWN

National Progression Award in Cyber Security SCQF level 6:

- Data Security
- Ethical Hacking
- Digital Forensics.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

Upon successful completion and subject to attendance, effort and commitment you will be offered an Unconditional place within Glasgow Clyde College on one of the following courses. The level you might enter would depend on the level and relevance of your other qualifications.

- Higher National Certificate/Diploma (HNC/D) Software Engineering with Emerging Technologies
- Higher National Certificate/Diploma (HNC/D) Infrastructure with Cyber Security
- Skills Development Scotland professionally qualified careers advisers are available in school to support young people with making key career decisions as they progress through school, and beyond.

WHAT ARE A FEW OF THE META SKILLS I WILL DEVELOP?

Self Management

Social Intelligence

DESIGN AND MANUFACTURE (PRODUCT DESIGN)

Higher (SCQF Level 6)

COURSE OUTLINE

The aim of the Higher Design and Manufacture Course is to develop your practical skills in the planning and development of models and prototypes. You will learn the processes of design and manufacture from brief to resolved design proposals and specification; develop skills in initiating, developing, articulating and communicating design proposals for products. The course allows you to develop an appreciation of design concepts and the various factors that influence the design and commercial manufacture of products. In addition, you will 'close the design loop' by manufacturing a set of design ideas.

It allows you to consider the manufacturing techniques and processes that would apply to a design proposal in an industrial/commercial context.

PUPIL ELIGIBILITY

You should have:

- Design and Manufacture at National 5 level

QUALIFICATION BREAKDOWN

Higher Design and Manufacture SCQF Level 6:

- Design
- Materials and Manufacturing
- Design and Manufacture at National 5 level
- High level of Sketching and Design Skills
- Very good level of Literacy

COURSE ASSESSMENT

Assessment of this course is made up of the following: This course will be assessed through a combination of an assignment and a question paper. In the Design and Manufacture assignment, students will draw on their range of design skills, knowledge of materials, and practical skills, in order to produce an effective overall response to the brief. The response to the brief will include a folio and model and/or a prototype.

The brief for the assignment, which will cover a range of key design factors, will be sufficiently open and flexible to allow for personalisation and choice.

The question paper requires depth of understanding and application of knowledge from the Units.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to do:

- Advanced Higher Design and Manufacture
- Modern Apprenticeships in Manufacturing, Design Engineering, Architecture, Quantity Surveying, Product Design, Graphic Design, Architecture and Teaching.

DESIGN, ENGINEERING AND PLANNING FOR CONSTRUCTION

City of Glasgow College – City Campus SCQF Level 5 – *Open to S5/6 Pupils*

COURSE OUTLINE

The National Qualification in Design, Engineering, and Planning for Construction course will provide you with an insight into the technical and professional side of the construction sector. You will gain an appreciation of a different aspect of this industry and explore the range of work carried out and the roles that contribute to a sustainable built environment. You will have the opportunity to investigate diverse architectural styles, building types and consider the principles involved in building design. You will consider what influences building design. Working collaboratively, you'll produce a project plan using digital tools and processes to create concept ideas to meet a client's brief. Exploring sustainability in global, national and local communities. You will explore the basic techniques and methods commonly adopted in sustainable building design and construction.

ATTENDANCE PATTERN

Tuesday and Thursday afternoons (1.30pm to 4pm).
The duration of the course is August to April.

Please note, you will travel home independently by bus or train from the City of Glasgow College. Please refer to the Scottish Government free travel for young people under 22.

PUPIL ELIGIBILITY

You must have:

- 3 passes at National 4, which should include English. Maths a technical subject or Science.

QUALIFICATION BREAKDOWN

**National Qualification in Design and Manufacture
SCQF Level 5:**

- Computer Aided Drafting: An Introduction
- Construction Materials: An Introduction
- Construction Technology: Groundworks and Substructure
- Sustainability in the Built Environment
- Sustainable Design for Architecture.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

This course will provide an ideal foundation for a diverse range of careers out with the usual trade route in the Construction sector. The level you might enter would depend on the level and relevance of your other qualifications.

You might go on to do:

- National Progression Award (NPA) in Built Environment
- Higher National Certificate (HNC) in Built Environment
- Higher National Diploma (HND) in Built Environment
- Skills Development Scotland professionally qualified careers advisers are available in school to support young people with making key career decisions as they progress through school, and beyond.

Higher (SCQF Level 6)

COURSE OUTLINE

The Higher Drama course is designed to give you a knowledge and understanding of many aspects of theatre, including an appreciation of theatre forms and styles, theatre practitioners and drama plays/scripts. In addition, the course aims to develop theatre skills and increase experience of theatrical performance, as well as develop knowledge of the social, historical and theatrical contexts of plays.

PUPIL ELIGIBILITY

You should have:

- National 5 English
- National 5 Drama

QUALIFICATION BREAKDOWN

Higher Drama SCQF Level 6:

- Previous experience of drama in theatre groups

Practical Assessment 60 marks (60%)

Written Assessment 40 marks (40%)

COURSE ASSESSMENT

You can be assessed in Performance in an Acting, Production or Directing role. This is a Visiting Assessment by SQA.

You will write two essays, one essay will focus on a text studied in class. The other essay is an analysis of a performance you seen in the theatre.

Skills, knowledge and understanding are assessed in a final written paper.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

The social and personal skills that are developed through drama are also beneficial and transferable to lifelong learning. Higher drama is a recognised qualification to have in order to gain entry into courses such as law. Other careers/courses that can benefit from drama experience are Teaching, Politics, Business, Psychology, English Studies, Media Studies, Journalism, Social Work and many more.

You might go on to do:

- A full time higher education course, such as a Higher National Certificate (HNC), Higher National Diploma (HND) and Degree. The level you might enter would depend on the level and relevance of your other qualifications
- Further study of Drama at NPA or Advanced Higher level
- Work in industry.

Advanced Higher (SCQF Level 7)

COURSE OUTLINE

The Advanced Higher Drama course is designed to provide a progression from the Higher course for those interested in theatre practice. The course will give you the opportunity to further explore and specialise in the role of an actor, director, or designer.

You will independently create and perform a devised drama production and explore how meaning and theatrical concepts can be communicated to an audience.

In addition, you will analyse a theatrical production and explore a performance issue in a dissertation project.

PUPIL ELIGIBILITY

You must have:

- Higher Drama
- Higher English
- An ability to work independently (on research tasks)
- An ability to work effectively as part of a team

QUALIFICATION BREAKDOWN

Advanced Higher Drama SCQF Level 7:

- Project Dissertation
- Written Assignment
- Performance

WRITTEN ASSIGNMENT

Project–dissertation (30 marks)

Candidates identify a performance issue. They research relevant and current performance theories and practice, and communicate their findings in a dissertation.

Assignment (20 marks)

Candidates analyse the work of at least one theatre practitioner in a professional theatrical production and produce an assignment based on a choice of two questions.

Design Role (50 marks)

Candidates prepare concepts for their chosen text(s) from full-length published play(s). You can be examined in an Acting, Directing or Production role.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to do:

- A full time higher education course, such as a Professional Development Awards (PDAs), (HNC), Higher National Diploma (HND) and degree. The level you might enter would depend on the level and relevance of your other qualifications
- Employment or training in the Creative Industries
- Acting - Candidates perform 2 acting roles.
One interactive (30 marks) and on monologue (20 marks)
- Design - Candidates produce design concepts for a chosen play (6 marks). Candidates create a set design for the chosen play with designs and a scaled model set box (30 marks). Candidates choose two additional production roles from Lighting, Sound, Multimedia, Props, Costume, Hair and Make-up and create designs in relation to the two roles.

EARLY EDUCATION AND CHILDCARE

Glasgow Clyde College – Langside Campus

SCQF Level 6 – Open to S5/6 Pupils

COURSE OUTLINE

The National Progression Award (NPA) Social Services: Children and Young People Level 6 course at Glasgow Clyde College will introduce you to the knowledge and skills required to prepare you for further study leading to potential employment within Early Learning and Childcare. The course will help you understand some of the demands and responsibilities of working in this sector. Upon completion of this qualification you will have the opportunity to choose to add value through a work placement. Successful completion of the work placement will provide you with a Foundation Apprenticeship.

ATTENDANCE PATTERN

You will attend college on Tuesday and Thursday afternoon from 1.30pm – 4pm.

If you choose to complete the Foundation Apprenticeship you will be required to do a 3-week block placement in June and commit to additional days across the academic year (this will be discussed with your school to best fit with your timetable). When participating in the work based learning you will travel independently by bus or train.

PUPIL ELIGIBILITY

You must:

- have National 5 English at A or B level
- have or working towards Higher English
- have a clear interest in Early Learning and Childcare, Playwork, Education or Social Services.

QUALIFICATION BREAKDOWN

National Progression Award Social Services: Children and Young People SCQF Level 6:

- Communication with Children and Young People
- Play for Children and Young People
- Development of Children and Young People
- Promote the Wellbeing and Safety of Children and Young People
- Safeguarding of Children and Young People.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

On successful completion of this course, you will have the opportunity to be treated as an internal applicant. This will also be dependent on your attendance and commitment to this course. You could progress on to the following full-time programmes:

- HNC Childhood Practice (SCQF Level 7)
- HNC Additional Support Needs (SCQF Level 7).

You might also go on to:

A Modern Apprenticeship in Childcare or Early Years Care and Education, leading to a Scottish Vocational Qualification (SVQ) Levels 2 to 4 in Social Services: Children and Young People.

On gaining employment, further possible progression onto level 8 Professional Development Award as well as degree level study at SCQF level 9

- Skills Development Scotland professionally qualified careers advisers are available in school to support young people with making key career decisions as they progress through school, and beyond.

WHAT ARE A FEW OF THE META SKILLS I WILL DEVELOP?

Self Management

Initiative

Innovation

Creativity

Social Intelligence

Communicating

ELECTRONIC ENGINEERING

Glasgow Kelvin College – Springburn Campus

SCQF Level 7 – *Open to S6 Pupils*

COURSE OUTLINE

The Higher National Certificate (HNC) in Electronic Engineering will provide you with the opportunity to develop skills, knowledge and understanding in a range of core electrical, analogue electronics and digital electronics principles and technologies. In addition the course will enable you to further develop knowledge and skills in planning, project management and investigation skills. It will allow you to gain an understanding of the external and internal factors that influence the performance of modern companies.

ATTENDANCE PATTERN

Wednesday and Thursday all day.

Please note, that unlike other options, this course requires continuous attendance from August to June and may impact on other subjects attendance. In addition, you will travel independently by bus or train.

PUPIL ELIGIBILITY

You must have:

- Higher Maths or Physics.

QUALIFICATION BREAKDOWN

**Higher National Certificate in Electronic Engineering
SCQF level 7:**

- DC/AC Principles
- Analogue Electronic Principles
- Combinational Logic
- Sequential Logic
- Electronic Testing Skills
- Engineering Mathematics 1
- Communication: Practical Skills
- High Level Engineering Software
- Electrical Networks and Resonance
- Power Electronics
- Graded Unit.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to do:

- Higher National Diploma (HND) Electronic Engineering
- University (Subject to university entry criteria)
- Employment as a junior technician or engineering apprentice
- Skills Development Scotland professionally qualified careers advisers are available in school to support young people with making key career decisions as they progress through school, and beyond.

National 5 (SCQF Level 5)

COURSE OUTLINE

The English National 5 course will give you the opportunity to learn how to read detailed texts in order to understand, analyse and evaluate in familiar contexts and develop the skills to listen to detailed language in order to understand, analyse and evaluate in familiar contexts.

In addition, you will learn how to develop and extend talking and writing skills in a wide range of contexts. You will develop the skills needed to create and produce texts in both written and oral forms.

PUPIL ELIGIBILITY

You must have:

- English National 4 or proficiency in CfE 4th level outcomes.

QUALIFICATION BREAKDOWN

English National 5 SCQF Level 5:

- An examination consisting of two papers:
- Paper 1 - Reading for Understanding, Analysis and Evaluation
- Paper 2 - Critical Reading encompassing Scottish Text and critical essay
- A portfolio, which contains one piece of writing. This is either a discursive or a creative essay

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

Being competent in English is the key to success in many aspects of life and work. Skills in English language and communication are important in many school, college and university courses and essential in many occupations.

You might go on to do:

- A range of further education courses

Higher (SCQF Level 6)

COURSE OUTLINE

The Higher English course will provide you with the opportunity to develop and extend reading and listening skills. Learners develop the skills needed to understand, analyse and evaluate a wide range of detailed and complex texts and spoken language in the contexts of literature, language and media.

In addition, you will learn how to develop and extend talking and writing skills in a wide range of contexts. You will develop the skills needed to create and produce detailed and complex texts in both written and oral forms.

PUPIL ELIGIBILITY

You must have:

- English National 5 and Literacy 5 unit pass

QUALIFICATION BREAKDOWN

Higher English SCQF Level 6:

- An examination consisting of two papers:
- Reading for Understanding, Analysis and Evaluation
- Critical Reading encompassing Scottish Text and critical essay
- A portfolio, which contains one piece of writing. This is either a discursive or a creative essay

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

Being competent in English is the key to success in many aspects of life and work. Skills in English language and communication are important in many school, college and university courses and essential in many occupations.

You might go on to do:

- Advanced Higher English
- A full time higher education course, such as a Higher National Certificate (HNC), Higher National Diploma (HND) or degree. The level you might enter would depend on the level and relevance of your other qualifications
- Employment or training in Teaching, Law or Journalism

Advanced Higher (SCQF Level 7)

COURSE OUTLINE

The Advanced Higher English provides you with the opportunity to develop complex language skills which are essential for learning, life and work; and to develop their ability to interpret complex literary forms and to produce sophisticated language. Advanced Higher English fosters an in-depth appreciation, of complex and sophisticated language, and of a wide range of literature and texts in different genres. This enables learners to access their own cultural heritage and history, as well as the culture and history of others. You will have the opportunity to personalise your study; choices enable you to encounter a wide range of texts in different genres and to produce sophisticated writing in chosen literary forms. Building on the four capacities, Advanced Higher English enables you to communicate, become a critical thinker, develop your cultural awareness, and be creative.

PUPIL ELIGIBILITY

Recommended:

- Higher English at Grade A or B

QUALIFICATION BREAKDOWN

Advanced Higher English SCVQF Level 7:

- Analysis and Evaluation of Literary Texts
- Creation and Production
- A portfolio, which contains one piece of writing
- A project–dissertation

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

Being competent in English is the key to success in many aspects of life and work. Skills in English language and communication are important in many school, college and university courses and essential in many occupations.

You might go on to do:

- A full time higher education course, such as degree.
The level you might enter would depend on the level and relevance of your other qualifications
- Employment or training in Teaching, Law or Journalism

ENGLISH SPEAKERS OF OTHER LANGUAGES (ESOL)

Glasgow Clyde College – Cardonald Campus SCQF Level 4 or 5 – Open to S5/6 Pupils

COURSE OUTLINE

ESOL (English for Speakers of Other Languages) is aimed at students who have a first language other than English. There will be an intensive focus on improving English for work and study. Lecturers will use a variety of teaching methods such as role play and group work to enable you to improve your understanding of English and your speaking and writing. These skills will increase your confidence in everyday life and will help you communicate in the home, with your family, in social situations, and at work.

We will provide an introduction to opportunities in different vocational areas of the college like Sport, Hospitality, Engineering, Care, Business, IT, etc.

ATTENDANCE PATTERN

Tuesday and Thursday afternoons (1.30pm to 4pm).
The duration of the course is August until April.

PUPIL ELIGIBILITY

You must:

- be working at National 4/5 level.

QUALIFICATION BREAKDOWN

Please note, you will be studying units at SCQF Level 4 or 5, this is not a Group Award:

- ESOL for Everyday Life at National 4 or 5

Optional Units

- Living in Scotland at National 4/5
- Digital Skills at National 4/5
- ESOL for Employability at National 4/5.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

Upon successful completion and subject to attendance, effort and commitment you will be offered an Unconditional place within Glasgow Clyde College on a full-time or part-time college ESOL course.

You might go on to do:

- Business
- Computing
- Sport
- Health and Social Care
- Hair and Beauty

The level you might enter would depend on the level and relevance of your other qualifications.

- Skills Development Scotland professionally qualified careers advisers are available in school to support young people with making key career decisions as they progress through school, and beyond.

WHAT ARE A FEW OF THE META SKILLS I WILL DEVELOP?

Glasgow Clyde College – Cardonald Campus

SCQF Level 5 – Open to S5/6 Pupils

COURSE OUTLINE

The National Progression Award in Esports will provide you with the knowledge and practical skills across several key areas. You will explore the history and structure of the esports industry, examine various roles and career pathways, and develop skills in game performance and analysis. The course also covers event organisation and promotion, as well as live broadcasting and digital media, offering a comprehensive introduction to the esports ecosystem. Learning within the Glasgow Clyde College state-of-the-art learning environment tailored to the needs of aspiring esports professionals. This enhanced space supports both individual and team-based learning, with a strong emphasis on real-world esports scenarios and practical skill development.

ATTENDANCE PATTERN

Tuesday and Thursday afternoons (1.30pm to 4pm).
The duration of the course is August to April.

PUPIL ELIGIBILITY

You must have:

- National 4 English and Maths
- Core ICT Skills
- Enthusiasm for the Esports industry.

QUALIFICATION BREAKDOWN

National Progression Award in Esports at SCQF Level 5:

- Esports: The esports industry at SCQF Level 5
- Esports: Game performance at SCQF Level 5
- Esports: Organising and promoting events at SCQF Level 5.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

Upon successful completion and subject to attendance, effort and commitment you will be offered a Unconditional place within Glasgow Clyde College on one of the following courses. The level you might enter would depend on the level and relevance of your other qualifications.

FASHION RETAIL BRANDING

City of Glasgow College – City Campus SCQF Level 6 – *Open to S5/6 Pupils*

COURSE OUTLINE

This City of Glasgow Fashion Retail Branding course will introduce you to the business side of retail fashion. This course is not design-orientated but helps develop an understanding of the creative processes of retail fashion and how they are managed. You will investigate the historical and environmental factors that have influenced fashion over the years. You will explore the process of how a fashion concept seen on the catwalk becomes a high-street fashion garment. You will consider merchandising approaches in the fashion industry researching how fashion is branded, displayed, promoted and the role of the marketing mix in fashion. You will compare different approaches used in the industry and create your own merchandising ideas. You will discover what it takes to be a fashion buyer, investigating different buying structures, the stages of the buying process and the factors involved in producing a retail buying plan. In addition, you will have the opportunity to create, design and implement your own fashion event or show to gain the relevant experience and skills.

ATTENDANCE PATTERN

Tuesday and Thursday afternoons (1.30pm to 4pm).
The duration of the course is August to April.

Please note, you will travel home independently by bus or train from the City of Glasgow College. Please refer to the Scottish Government free travel for young people under 22.

PUPIL ELIGIBILITY

You must have:

- 3 passes at National 5, 1 of which should be English
- a genuine interest in Fashion, Retail or Marketing.

QUALIFICATION BREAKDOWN

Please note, you will be studying units at SCQF Level 6, this is not a Group Award:

- Fashion: an Introduction
- Fashion Merchandising: an Introduction
- Branding: an Introduction
- Retail Buying.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to do:

- Bachelor of Art in International Fashion Branding (Fashion Branding, marketing communications)
- Bachelor of Art in Fashion Design with Business
- Bachelor of Art in International Marketing.

You might also go on to:

- Employment opportunities in Fashion Retail Management, Fashion Merchandising, and Fashion Buying
- Skills Development Scotland professionally qualified careers advisers are available in school to support young people with making key career decisions as they progress through school, and beyond.

FASHION AND TEXTILE TECHNOLOGY

Higher (SCQF Level 6)

COURSE OUTLINE

The course introduces you to the key aspects of the exciting and highly creative world of Fashion and Textiles. You will explore the drivers behind industry fashion trends, marketing and advertising as well as developing a variety of practical design and manufacturing skills.

You will engage in a variety of teaching and learning approaches to develop your skills and knowledge in the subject. The development of practical skills is key and permeates the course, enabling you to become confident in your ability and to work more independently when manufacturing fashion/textile items.

You will have the opportunity to develop, make and evaluate complex fashion/textile items in practical contexts.

PUPIL ELIGIBILITY

- National 5 Fashion and Textile Technology

Also suitable for students opting for this subject for the first time who have a keen interest in practical textiles.

QUALIFICATION BREAKDOWN

Higher Fashion and Textile Technology SCQF Level 6:

FINANCIAL SERVICES

City of Glasgow College – City Campus SCQF Level 6 – *Open to S5/6 Pupils*

COURSE OUTLINE

The National Progression Award in Financial Services is designed to introduce you to the world of Financial Services through a blend of employer engagement workshops and activities, including The Investment Challenge. Working in a team, you will use an online business simulation to grow a virtual investment fund, making decisions on what to buy and sell based on your own research from incoming news stories. You will develop your communication, customer service and employability skills, and will create and maintain a personal budget whilst considering the issues surrounding borrowing and debt. You will learn how the Financial Services sector contributes to the economy, the different institutions operating in the sector and the job roles and career paths available.

ATTENDANCE PATTERN

Tuesday and Thursday afternoons (1.30pm to 4pm).
The duration of the course is August to April.

Please note, you will travel home independently by bus or train from the City of Glasgow College. Please refer to the Scottish Government free travel for young people under 22.

PUPIL ELIGIBILITY

You must:

- have 2 passes at National 5 which must include English
- be able to work towards a Higher qualification.

QUALIFICATION BREAKDOWN

National Progression Award in Financial Services SCQF Level 6:

- Financial Services: The Regulatory Framework
- Financial Services: Communication
- Financial Services: Promoting Positive Customer Relationships
- Financial Services: Personal Finance Awareness.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to do:

- Employment opportunities after training such as, bank or building society customer branch adviser, pension funds, investment companies, insurance, unit trusts, stock market operations, life and pensions, asset management and intermediation
- A full time higher education course, such as a Higher National Certificate (HNC), Higher National Diploma (HND) or degree. The level you might enter would depend on the level and relevance of your other qualifications
- Skills Development Scotland professionally qualified careers advisers are available in school to support young people with making key career decisions as they progress through school, and beyond.

FINANCIAL SERVICES - FOUNDATION APPRENTICESHIP

City of Glasgow College SCQF Level 6 – *Open to S6 Pupils*

COURSE OUTLINE

The aim of the Foundation Apprenticeship is to provide you with the opportunity to learn about competent occupational practices within the financial sector. You will learn more about workplace practices including industry specific skills.

ATTENDANCE PATTERN

Tuesday and Thursday all day (9:30am to 4pm).

Please note, that unlike other options, this course requires continuous attendance from August to April with a possible week in June. This may impact on other subjects attendance. In addition, you will travel home independently by bus or train from the City of Glasgow College. Please refer to the Scottish Government free travel for young people under 22.

PUPIL ELIGIBILITY

Pupils who plan to leave school at the end of S6 with minimum of one or more Highers in relevant subject areas and National 5's.

Essential criteria as follows:

- Achieved or working towards Higher (A-C) in relevant subject areas – Economics, Accounts, Business etc. by end of S6.

Please note: all pupils are required to be Credit Checked.

QUALIFICATION BREAKDOWN

Foundation Apprenticeship in Financial Services
SCQF Level 6 GL53 46:

National Progression Award (NPA) Financial Services

- Financial Services: An Introduction
- Financial Services: The Regulatory Framework

- Financial Services: Promoting Positive Customer Relationships
- Financial Services: Personal Finance Awareness.

Work Based Challenge Unit

- Work based Challenge Unit

SVQ 3 Providing Financial Services

- Develop yourself to improve and maintain workplace
- Competence in a financial services environment
- Comply with regulations in the financial services environment.

A Foundation Apprenticeship is a work based learning apprenticeship, where you are expected to attend work placements either physically or remotely including work shadowing, industry talks, industry visits and work related training.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to do:

- Employment opportunities after training such as, bank or building society customer branch adviser, cashier, financial adviser, insurance account manager, insurance broker or stock broker
- A full time higher education course, such as a Higher National Certificate (HNC), Higher National Diploma (HND) or degree
The level you might enter would depend on the level and relevance of your other qualifications
- Skills Development Scotland professionally qualified careers advisers are available in school to support young people with making key career decisions as they progress through school, and beyond.

Higher (SCQF Level 6)

COURSE OUTLINE

This course provides the opportunity to develop a pupil's interest in learning the French language and build on their curiosity of French culture. Pupils will continue to improve talking, listening, reading and writing skills. A variety of topics are studied based on four contexts: society, learning, employability and culture. French will be used in class as much as possible and pupils will frequently work with their teacher to improve their talking skills. Authentic videos, texts and listening materials will be used as well as up-to-date media. Pupils will develop an in-depth understanding of how French works to enable them to use their knowledge to say and write what they want in French, rather than learning phrases off by heart. Successful completion of the Higher French course will provide pupils with a good level of language competence and the opportunity to feel ready to have a conversation with a French speaker.

PUPIL ELIGIBILITY

You must have:

- National 5 French
- If you would like to crash Higher French, then you must have passed Higher Spanish.

QUALIFICATION BREAKDOWN

Higher French SCQF Level 6:

- Unit Name: Understanding Language: Reading and Listening
 - Unit Name: Using language: Talking and Writing
- Final Exam: Including internally assessed talking performance.

ADDITIONAL QUALIFICATIONS

- Additional qualifications in a wide range of languages can be organised on a bespoke basis through partnerships, where possible.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to do:

- Advanced Higher French
- Higher Spanish in one year

Advanced Higher (SCQF Level 7)

COURSE OUTLINE

The Advanced Higher French course will allow you to develop further your language skills to a level of competence, whether or not you intend to follow a language course in higher or further education. The course provides you with the opportunity to further develop your skills of reading, listening, talking and writing. In addition it will contribute to your general education through consideration of intellectually stimulating topics. As far as possible, the foreign language is the medium of instruction and discussion. You will have access to a range of authentic materials including videos, newspapers and magazines.

PUPIL ELIGIBILITY

You must have:

- Higher French at A or B

QUALIFICATION BREAKDOWN

Advanced Higher French SCQF Level 7:

- Unit Name: Understanding Language: Reading and Listening
- Unit Name: Using language: Talking and Writing
- Specialist Study

Final Exam: Including an externally assessed talking performance

ADDITIONAL QUALIFICATIONS

- Additional qualifications in a wide range of languages can be organised on a bespoke basis through partnerships, where possible.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to do:

- Further study of French at Higher or Further education
- Many degrees offer time abroad and Advanced Higher French equips you with the linguistics competence to spend a term or longer abroad and fully benefit by having the necessary understanding of the language.

GEOGRAPHY

Higher (SCQF Level 6)

COURSE OUTLINE

The purpose of Higher Geography is to develop your understanding of our changing world and its human and physical processes. Opportunities for practical activities, including fieldwork, will be encouraged, so that learners can interact with their environment.

The contexts for study are local, national, international and global. Geography draws on the social and natural sciences so it is at heart an interdisciplinary subject and has links with many other subjects. The study of Geography fosters positive life-long attitudes about environmental stewardship, sustainability and global citizenship.

PUPIL ELIGIBILITY

Recommended:

- National 5 Geography

QUALIFICATION BREAKDOWN

Higher Geography SCQF Level 6:

- Geography: Physical Environments
- Geography: Human Environments
- Geography: Global Issues

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to do:

- Further study of a social subject at higher level or Advanced Higher Geography

GEOGRAPHY

Advanced Higher (SCQF Level 7)

COURSE OUTLINE

The Advanced Higher Geography course will give you the opportunity to develop a range of cognitive skills and geographical skills. It encourages active learning which will include fieldwork, in the process of developing a high level of knowledge and understanding of geographical issues. You will acquire and apply relevant knowledge and evaluating, investigating, and analysing skills, at an appropriate level, in order to understand and explain geographical issues.

PUPIL ELIGIBILITY

You must have:

- Higher Geography at A or B level
- Higher English at B level or above

QUALIFICATION BREAKDOWN

Advanced Higher Geography SCQF Level 7:

- Geographical Skills
- Geographical Issues
- Skills, Knowledge and Understanding

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to do:

- A qualification in Advanced Higher Geography is excellent preparation for further education at college or university due to the independent nature of the course.

GRAPHIC COMMUNICATION

Higher (SCQF Level 6)

COURSE OUTLINE

The Higher Graphic Communication course will give you the opportunity to develop skills in graphic communication techniques, including the use of equipment, graphics, materials and software, creativity in the production of graphic communications to produce visual impact. You will gain skills in evaluating the effectiveness of graphics in communicating and an understanding of the impact of graphic communication technologies on our environment and society.

PUPIL ELIGIBILITY

You must have:

- Graphic Communication at National 5

INTRODUCTION TO TEACHER EDUCATION

University of Strathclyde – John Anderson Campus

Open to S6 Pupils

COURSE OUTLINE

The Introduction to Teacher Education will provide you with an introduction to the teaching profession – both primary and secondary. You will explore four themes, where you will be drawing on your previous experiences to highlight your own key strengths and examining how these attributes are desirable in Education. You will look at what you know about pupil engagement and success in learning and will experience different approaches. You will have the opportunity to consider the various components that contribute to effective learning and teaching and build skills in these areas. You will get the opportunity to plan, design, deliver and evaluate lessons and learning opportunities. Links will be made to any work experience/volunteering you are currently undertaking.

In addition, you will review what you know about learning and teaching, and identifying what you have gained from the programme with a view to supporting you in generating your personal statements, assisting and preparing you for the application process.

ATTENDANCE PATTERN

Tuesday & Thursday afternoons (1.30pm to 4pm).
The duration of the course is August to December.

Please note, you will travel home independently by bus or train from Strathclyde University. Please refer to the Scottish Government free travel for young people under 22.

PUPIL ELIGIBILITY

You must have:

- A pass in Higher English at A or B level
- A pass in National 5 Maths at Grade C or above

QUALIFICATION BREAKDOWN

WHAT ARE A FEW OF THE META SKILLS I WILL DEVELOP?

MATHEMATICS (APPLICATIONS OF)

National 5 Applications of Maths

COURSE OUTLINE

The National 5 Applications of Mathematics course aims to build on skills learned within the curriculum for excellence and extend candidates' mathematical thinking in real life situations.

The National 5 Applications of Mathematics course explores the applications of mathematical techniques and skills in everyday situations, including financial matters, statistics, and measurement.

PUPIL ELIGIBILITY

You must have:

- National 4 Mathematics

QUALIFICATION BREAKDOWN

National 5 Applications of mathematics SCQF Level 5:

- Numeracy
- Managing Finance and Statistics
- Geometry and measure

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

The skills, knowledge and understanding in the course also support learning in other curriculum areas, such as technology, health and wellbeing, science, and social studies.

YOU MIGHT GO ON TO DO:

- Higher Applications of Mathematics
- A full time higher education course, such as a Higher National Certificate (HNC), Higher National Diploma (HND) or degree.

The level you might enter would depend on the level

MATHEMATICS

Higher (SCQF Level 6)

COURSE OUTLINE

The Higher Mathematics course will give you the opportunity to gain confidence in applying mathematical techniques proficiently, manipulating symbolic expressions and communicating with mathematical correctness in the solution of problems. In addition, you will develop an understanding of underlying processes. They will involve the ability to use these skills within mathematical contexts, such as in solving equations or working with indices, surds and logarithms.

PUPIL ELIGIBILITY

You must have:

- National 5 Mathematics

QUALIFICATION BREAKDOWN

Higher Mathematics SCQF Level 6:

- Expressions and Functions
- Relationships and Calculus
- Applications

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to do:

- A full time higher education course, such as a Higher National Certificate (HNC), Higher National Diploma (HND) or degree. The level you might enter would depend on the level and relevance of your other qualifications

MATHEMATICS

Advanced Higher (SCQF Level 7)

COURSE OUTLINE

The Advanced Higher Mathematics course aims to build upon and extend your mathematical skills, knowledge and understanding in a way that recognises problem solving as an essential skill and enables them to integrate their knowledge of different aspects of the subject. You will have the opportunity to develop a range of mathematical skills and in addition, skills in calculus, algebra and areas such as number theory, complex numbers and matrices.

PUPIL ELIGIBILITY

You must have:

- Higher Mathematics at A or B level

QUALIFICATION BREAKDOWN

Advanced Higher Mathematics SCQF Level 6:

- Methods in Algebra and Calculus
- Applications in Algebra and Calculus
- Geometry, Proof and Systems of Equations

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to do:

- A full time higher education course, such as a Higher National Diploma (HND) or degree. The level you might enter would depend on the level and relevance of your other qualifications.

MATHEMATICS (APPLICATIONS OF)

(Applications of) Higher (SCQF Level 6)

COURSE OUTLINE

The Higher Applications of Mathematics course develops, deepens and extends the operational and reasoning skills necessary for solving problems. Through real-life contexts, you acquire and apply mathematical and statistical skills directly relevant to life and work, and learn about how mathematics affects the world they live in. You will analyse complex real-life problems and gain experience in making and justifying decisions and drawing conclusions.

PUPIL ELIGIBILITY

You must have:

- National 5 Applications of Mathematics or National 5 Mathematics

or

- Higher Mathematics

COURSE ASSESSMENT

Assessment for this course consists of an external examination worth 65 marks. The question paper allows candidates to demonstrate the application of mathematical skills, knowledge and understanding from across the course. The second element consists of a project worth 30 marks. Candidates will research and report on a topic that allows them to apply statistical skills and knowledge in Applications of Mathematics at a level appropriate to Higher.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

Possible career choices include, careers in ICT, financial business, statistical analysis, psychology and many more.

- A full time higher education course, such as a Higher National certificate (HNC), higher Diploma (HND) or degree. Many Psychology courses use RStudio which you will work with during this course. The level you might enter would depend on the level and relevance of your other qualifications.

MATHEMATICS OF MECHANICS

Advanced Higher (SCQF Level 7)

COURSE OUTLINE

Mathematics is important in everyday life. It helps us to make sense of the world we live in and to manage our lives. Advanced Higher Mathematics of Mechanics uses mathematics to enable us to model real-life situations and to equip us with the skills we need to interpret and understand how things work, simplify and solve problems, identify limitations, and draw conclusions encouraging independent thinking and an enquiring approach. Learning mechanics develops questioning skills, logical reasoning, analysis, problem-solving skills, creativity and the ability to communicate explanations concisely.

PUPIL ELIGIBILITY

Pupils must also be studying both Advanced Higher Mathematics and Advanced Higher Physics in S6.

QUALIFICATION BREAKDOWN

Advanced Higher Mathematics of Mechanics SCQF Level 7:

- Forces, energy and momentum
- Straight line, periodic and parabolic motion
- Mathematical techniques for mechanics

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to do:

Further study at higher education undertaking Higher National Diplomas (HND) and degrees in any STEM subject. The level you might enter would depend on the level and relevance of your other qualifications.

MECHANICAL ENGINEERING

Glasgow Kelvin College – Springburn Campus

SCQF Level 7 – *Open to S6 Pupils*

COURSE OUTLINE

The Higher National Certificate (HNC) in Mechanical Engineering is a unique opportunity to complete a recognised qualification within 1 year and providing you with the opportunity to progress to HND Level or University. This course can enhance your potential prospects for employment in engineering and create opportunities for aspiring engineers and technicians.

You will study the fundamental concepts of mechanical engineering including dynamics, statics, thermodynamics and fluid mechanics. You will gain skills in subjects such as CAD, engineering drawing and other industry essential subjects and you will learn within the classroom, CAD laboratory and a purpose built engineering laboratory.

ATTENDANCE PATTERN

Monday and Tuesday all day.

Please note, that unlike other options, this course requires continuous attendance from August to June and may impact on other subjects attendance. In addition, you will travel independently by bus or train.

PUPIL ELIGIBILITY

You must have:

- Higher Maths or Higher Physics.

QUALIFICATION BREAKDOWN

**Higher National Certificate in Mechanical Engineering
SCQF level 7:**

- Dynamics
- Thermofluids
- Pneumatics & Hydraulics
- Statics and Strength of Materials
- Materials Selection
- Engineering Mathematics 1
- Communication: Practical Skills
- Quality Management: An Introduction
- Engineering Principles
- Computer Aided Design
- Engineering Drawing.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to do:

- Higher National Diploma (HND) Mechanical Engineering
- University (Subject to university entry criteria)
- Employment as a junior technician or engineering apprentice
- Skills Development Scotland professionally qualified careers advisers are available in school to support young people with making key career decisions as they progress through school, and beyond.

MENTAL HEALTH AND WELLBEING

City of Glasgow College – City Campus SCQF Level 6 – Open to S5/6 Pupils

COURSE OUTLINE

The National Progression Award in Mental Health and Wellbeing course is designed to help you explore Mental Health issues and to empower you to develop healthy coping strategies, so you are well equipped to live a positive and healthy life. You will discuss stigma around mental health and wellbeing and gain insight into how you can develop support yourself and others. You will deliberate biological, psychological, sociological and cultural perspectives that influence how we understand mental health and wellbeing and consider how these different models and approaches inform public health responses. In addition, you will consider how we think, feel, and behave has been impacted by the evolution of the digital society and explore how these changes have affected our physical and mental wellbeing as the use of technology and social media has increased.

ATTENDANCE PATTERN

Tuesday & Thursday afternoons (1.30pm to 4pm).
The duration of the course is August to April.

Please note, you will travel home independently by bus or train from the City of Glasgow College. Please refer to the Scottish Government free travel for young people under 22.

PUPIL ELIGIBILITY

You must have:

- 3 passes at National 5 (A-C), 1 of which should be English
- This course would particularly suit students who are looking to make a positive impact on their individual mental health and wellbeing.

QUALIFICATION BREAKDOWN

National Progression Award in Mental Health SCQF Level 6:

- Understanding Brain Health
- Influences on Mental Health and Wellbeing
- Promoting Mental Health and Wellbeing
- The Impact of the Digital Society and the
- Information Age on Mental Health and Wellbeing.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to do:

- Higher National Certificate (HNC) Youth Work, Paramedic Science, Occupational Health or Counselling. The level you might enter would depend on the level and relevance of your other qualifications. Entry level jobs and training, including Modern Apprenticeships in the Health and Social care industry
- Skills Development Scotland professionally qualified careers advisers are available in school to support young people with making key career decisions as they progress through school, and beyond.

WHAT ARE A FEW OF THE META SKILLS I WILL DEVELOP?

Self Management

Initiative

Courage
Independent Thinking
Risk Taking
Decision Making
Self Belief
Self Motivation
Responsibility
Enterprising

Innovation

Creativity

Imagination
Idea Generation
Visualisation

Social Intelligence

Communicating

Receiving Information
Giving Information
Listening
Storytelling

METAL WORK

Glasgow Clyde College - Cardonald Campus

SCQF Level 5 – *Open to S5/6 Pupils*

COURSE OUTLINE

The Practical Metalworking course will develop your practical skills and enable you to demonstrate your ability to complete common tasks within an engineering workshop. It will help you gain an understand of metalwork practices including bench skills, machine processes, fabrication and thermal jointing. This course will provide you with the opportunity to personally develop and assist you in making informed choices regarding a career in engineering. You will participate in project work, which will help to prepare you for the workplace. You are required to work independently and in a team.

ATTENDANCE PATTERN

Tuesday and Thursday afternoons (1:30pm to 4pm).
The duration of the course is August to April.

PUPIL ELIGIBILITY

You must have:

- 3 passes at National 4, which should include Maths and a Technical subject
- an interest in working in Engineering or technical based industry
- some aptitude for graphical forms of communication, as you will be required to read basic drawings.

QUALIFICATION BREAKDOWN

National 5 in Metalworking skills SCQF Level 5.

- Bench skills
- Machine processes
- Fabrication and Thermal Welding.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

On successful completion of this course, you will have the opportunity to be treated as an internal applicant. This means that should you wish to progress onto the next level you will not have to complete a formal application form.

You might go on to do:

- National Progression Award in Carpentry and Joinery SCQF 5
- National Certificate in Built Environment
- Pre Apprentice Electrician
- Pre Apprentice Plumbing.

The level you might enter would depend on the level and relevance of your other qualifications .

- Skills Development Scotland professionally qualified careers advisers are available in school to support young people with making key career decisions as they progress through school, and beyond.

MODERN STUDIES

Higher (SCQF Level 6)

COURSE OUTLINE

The Higher Modern Studies course is designed to equip you with the skills necessary for today's society. By studying the Higher course it is hoped that you will improve your ability to understand, through research, discussion and debate, many contemporary issues within the UK and the wider world. The course requires candidates to study issues from within the UK and the wider world.

PUPIL ELIGIBILITY

Recommended:

- National 5 Modern Studies

QUALIFICATION BREAKDOWN

Higher Modern Studies SCQF Level 6:

- Democracy in the UK
- Social Issues in the UK
- International Issues

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to do:

- Further study of Modern Studies at Advanced Higher level or another Social Subject at Higher level

MODERN STUDIES

Advanced Higher (SCQF Level 7)

COURSE OUTLINE

The Advanced Higher Modern Studies course allows you to build on your previous knowledge and understanding of political, social and international issues and the theories underpinning them. It also provides you with the opportunity to develop the critical skills of analysis, synthesis and evaluating and carry out your own independent research.

PUPIL ELIGIBILITY

You must have:

- A pass in Higher Modern Studies at A or B level
- A pass in Higher English at A or B level

QUALIFICATION BREAKDOWN

Advanced Higher Modern Studies SCQF Level 7:

- Modern Studies: Contemporary Issues
- Modern Studies: Researching Contemporary Issues

The above units will cover the following:

- Political and Social Issues Unit
- Power and Influence
- Living Political Ideas
- Political Structures
- Research Methods

COURSE PRACTICAL RESEARCH UNIT

You will carry out an investigation leading to the production of a dissertation based on a topic of your choice, from within the units studied at Higher or Advanced Higher. The research will be from a wide variety of sources, including primary research where appropriate.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to do:

- A full time higher education course, such as a Higher National Diploma (HND) or degree. The level you might enter would depend on the level and relevance of your other qualifications

Higher (SCQF Level 6)

COURSE OUTLINE

The Higher Music Course is designed to provide a broad practical experience of performing and creating music and develop related knowledge and understanding of musical concepts and musical literacy. The course is designed to allow learners to work both individually and collaboratively with others and to make decisions and take responsibility for their own learning. You will have the opportunity to apply your understanding of music in a creative way. You will experiment and explore using composing, arranging and improvisation techniques as appropriate. In addition, you will analyse how musicians and composers create music in different ways and how music styles are shaped by social and cultural influences.

PUPIL ELIGIBILITY

Recommended:

- National 5 Music
- The dedication to practise two instruments
- Perform pieces at Grade 4 standard on both instruments

QUALIFICATION BREAKDOWN

Higher Music SCQF Level 6:

- **Performing:** 60 marks (50% of final grade)
- **Composing Assignment:** 30 marks (15% of final grade)
- **Understanding Music:** 40 marks (35% of final grade)

COURSE ASSESSMENT

You will complete a Composition and Review which will be sent to SQA for marking.

The Understanding element is assessed with a final written paper.

You will be asked to prepare a 12minute performance programme on two instruments or one instrument and voice. This will be performed to an SQA Visiting Assessor.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to do:

- Further study of Music at Advanced Higher level
- RSC Music Leadership Award
- Higher Music Technology

TRANSFERABLE SKILLS FOR OTHER CAREERS

- Confidence and communication
- Creativity and problem solving
- Independent learning
- Critical analysis and evaluation
- Team work and leadership
- Time management
- Resilience

Advanced Higher (SCQF Level 7)

COURSE OUTLINE

The Advanced Higher Music course is designed to provide a broad practical experience of performing and creating music and develop related knowledge and understanding of musical concepts and musical literacy. You will be given the opportunity, through practice and self-reflection, to develop your technical and musical performance skills. The course allows you to apply your understanding of music in a creative way. You will have the opportunity to experiment and explore using composing, arranging and improvisation techniques as appropriate.

PUPIL ELIGIBILITY

You must have:

- A pass in Higher Music at A or B level
- Grade 5 theory (recommended)
- The dedication to practise two instruments

QUALIFICATION BREAKDOWN

Advanced Higher Music SCQF Level 7:

- **Performing:** 60 marks (50% of final grade)
- **Composing Assignment:** 20 marks (15% of final grade)
- **Understanding Music:** 40 marks (35% of final grade)
- Perform at Grade 5 standard on two instruments

COURSE ASSESSMENT

You will complete an Assignment which will be sent to SQA for marking. This includes a Composition and Review and an Analytical Commentary.

The Understanding element is assessed with a final written paper.

You will be asked to prepare an 18 minute performance programme on two instruments or one instrument and voice. This will be performed to an SQA Visiting Assessor.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to do:

- A full time higher education course, such as a Higher National Diploma (HND) or degree in Music. The level you might enter would depend on the level and relevance of your other qualifications
- A career in music: Professional Musician, Session Musician, Musical Theatre, Music Teacher, Instrumental Instructor. Music Administration and Promotion, Music Tech/Sound Engineer, Film and TV

TRANSFERABLE SKILLS FOR OTHER CAREERS

- Confidence and communication
- Creativity and problem solving
- Independent learning
- Critical analysis and evaluation
- Team work and leadership
- Time management
- Resilience

MUSIC TECHNOLOGY

Higher (SCQF Level 6)

COURSE OUTLINE

The purpose of the Higher music technology course is to enable learners to explore 20th and 21st century music, while developing skills in recording, mixing and editing.

Learners will engage in the development of in-depth technical and creative skills through practical learning. This Course will provide opportunities for learners to build their interest in music technology and to build skills and knowledge relevant to the needs of the music industry.

While developing their knowledge and their skills in using music technology, learners can work independently in effects and processes, or in collaboration with others. These activities and approaches to learning will help learners to plan, implement and evaluate their work and take some responsibility for managing their own learning. The practical and experiential nature of the course gives learners the opportunity to show imagination, creativity, time-management and problem-solving skills, as well as improving confidence in digital literacy.

PUPIL ELIGIBILITY

Recommended:

- Music Technology at National 5 level

QUALIFICATION BREAKDOWN

Higher Music Technology SCQF Level 6:

- Music Technology Skills
- Understanding 20th and 21st Century Music
- Music Technology in context
- An interest in sound production

COURSE ASSESSMENT

- Music Technology assignment - submitted to SQA for external marking – 70% weighting
- External question paper – 30% weighting

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

Music is a valued subject and this qualification is recognised in all colleges and universities.

You might go on to do:

- Other SQA qualifications in Music Technology or related areas
- Further study, employment and/or training
- Degrees in music and audio technology and related disciplines
- Careers in the creative industries
- Music Technology assignment - submitted to SQA for external marking – 70% weighting

EMPLOYMENT OPPORTUNITIES:

- Sound Technology, Music Production and Recording, Live Sound, Music Journalism, Music Therapy, Retail, Business, Film/media, Broadcasting, Publishing, IT, Community Arts, DJing, Entertainment, Promotions/Events management, Education, Therapy

PHILOSOPHY (S6 ONLY)

Higher (SCQF Level 6)

COURSE OUTLINE

Higher Philosophy is a one year course for S6 students wishing to gain an insight into the world of philosophy. The Higher Philosophy course teaches a range of transferable skills in critical and analytical thinking that are applicable to a wide range of higher education courses and careers. As part of the Higher Philosophy course you will engage with the work and ideas of philosophers through the ages. The course is not merely concerned with learning about philosophy and philosophers however; it is about doing philosophy. You will engage in lively, stimulating and challenging discussion on various topics around the subject matter.

PUPIL ELIGIBILITY

- Pass at Higher RMPS, Modern Studies or History

QUALIFICATION BREAKDOWN

Higher Philosophy SCQF Level 6:

- Philosophy: Arguments in Action
- Philosophy: Knowledge and Doubt
- Philosophy: Moral Philosophy

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to do:

- A full time higher education course, such as a Higher National Certificate (HNC), Higher National Diploma (HND) or degree. The level you might enter would depend on the level and relevance of your other qualifications.

PHOTOGRAPHY (S5 AND S6 (S5 MUST HAVE NPA))

Higher (SCQF Level 6)

COURSE AIMS AND DESCRIPTION

The course aims to develop:

- practical and creativity skills
- knowledge, understanding and skills involved in photography
- planning and evaluation skills
- literacy and analytical skills

PUPIL ELIGIBILITY

No experience necessary, although a National 5/Higher Art and Design qualification can be beneficial. Project involves extended analytical writing on computers

- An interest in photography is essential
- ANPA Photography preferable but not essential
- NPA Photography preferable but not essential

COURSE ASSESSMENT

1. Question paper. 1 hour exam worth 30 marks
2. Project worth 100 marks. This is 77% of the overall marks for the course assessment.

The project has three sections.

Section 1: planning, research and investigation 20 marks

Section 2: development and production 70 marks

Section 3: evaluation 10 marks

PROGRESSION

The evidence that pupils produce can be used to demonstrate the wider skills that are desirable at a college/university or job interview: -

- Organisation
- Time management
- Creativity
- Confidence
- Presentation
- Interpersonal
- Communication
- Dexterity (Hand to eye co-ordination)

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

Photographer; Wedding/Studio/Fine Art/Fashion/Police/Forensic/ Photo Journalist/ Magazine/Newspaper, Film/TV camera operator, Cinematographer, Graphic Design, Web Design, Advertising, Teaching, Animation, Computer Graphics, Games Design.

Motor skills developed can be of great benefit to a wider range of other careers such as dentists, surgeons, veterinarians, landscape gardening and chefs.

PHYSICAL EDUCATION

Higher (SCQF Level 6)

COURSE OUTLINE

This course gives candidates the opportunity to develop and enhance their movement and performance skills. They develop knowledge and understanding and apply this to the analysis and evaluation of performance in physical activities. Candidates develop their thinking skills through planning, problem solving and analysing performance. Taking part in physical education acts as a stimulus for personal achievement, enabling candidates to develop confidence, resilience, responsibility and the ability to work cooperatively with others. The course promotes awareness of mental, emotional, social and physical wellbeing. Candidates perform in a range of contexts, and develop the ability to reflect on their own performances and those of others.

PUPIL ELIGIBILITY

You must have:

- A keen interest in physical activity and sport

QUALIFICATION BREAKDOWN

Higher Physical Education SCQF Level 6:

- Physical Education: Performance Skills
- Physical Education: Factors Impacting on Performance

COURSE ASSESSMENT

Assessment of this course is made up of the following two components:

- Performance
- Factors Impacting Performance (exam paper)

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to do:

- Further study at a college of further education undertaking Higher National Certificates (HNC), Higher National Diplomas (HND) and degrees in Sports Science, Physiotherapy, P.E. Teaching or Sports Management. The level you might enter would depend on the level and relevance of your other qualifications.

PHYSICAL EDUCATION

Advanced Higher (SCQF Level 7)

COURSE OUTLINE

The Advanced Higher Physical Education course will give you the opportunity to research and critically evaluate factors which underpin and impact on performance, and use this knowledge to develop your own high-level performance and/or the performance of others. This course gives you the opportunity to explore key aspects of your performance. You are required to achieve a high level of performance by serious training and by developing disciplined and refined technique. The course aims to develop your knowledge and understanding of the nature and demands of quality performance and of factors which affect performance. The course will contribute to your personal and social development and will promote independent learning.

PUPIL ELIGIBILITY

You must have:

- Higher Physical Education at A or B level
- Higher English would be a considerable advantage in this course
- A keen interest in physical activity and sport and performing to a high level

QUALIFICATION BREAKDOWN

Advanced Higher Physical Education SCQF Level 7:

- Physical Education: Performance Skills
- Physical Education: Factors Impacting on Performance

COURSE ASSESSMENT

Assessment of this course is made up of the following two components:

- Performance
- Analysis and Development of Performance

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to do:

- Further study at a college of further education undertaking Higher National Diplomas (HND) and degrees in Sports Science, Physiotherapy, P.E. Teaching or Sports Management. The level you might enter would depend on the level and relevance of your other qualifications

Higher (SCQF Level 6)

COURSE OUTLINE

The Higher Physics course will develop your curiosity, interest, and enthusiasm for Physics in a range of contexts. The skills of scientific inquiry and investigation are developed throughout the course, and the relevance of physics is highlighted by the study of the applications of physics in everyday contexts.

PUPIL ELIGIBILITY

You must have:

- National 5 Physics
- National 5 Mathematics

QUALIFICATION BREAKDOWN

Higher Physics SCQF Level 5:

- Our Dynamic Universe
- Particles and Waves
- Electricity

COURSE ASSESSMENT

The course assessment has three components: two question papers and an assignment. The relationship between these three components is complementary, to ensure full coverage of the knowledge and skills of the course.

The question papers have a total mark allocation of 155 marks. This contributes 80% to the overall marks for the course assessment.

- Question paper 1 (which is 45 minutes) contains multiple-choice questions and has 25 marks. This is not scaled.
- Question paper 2 (which is 2 hours and 15 minutes) contains restricted-response and extended-response questions and has 130 marks. This is scaled to 95 marks.

The assignment has a total mark allocation of 20 marks. This is scaled to 30 marks by SQA. This contributes 20% to the overall marks for the course assessment.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to do:

- Further study of Physics at Advanced Higher level
- Further study at a college of further education undertaking Higher National Diplomas (HND) and degrees in Science, Engineering, Medicine and Teaching. The level you might enter would depend on the level and relevance of your other qualifications

Advanced Higher (SCQF Level 7)

COURSE OUTLINE

The Advanced Higher Physics course will give you an opportunity to build on the knowledge and skills developed in the Higher physics course and to use your mathematical knowledge and skills to analyse and solve problems in real-life contexts. Through a deeper insight into the structure of the subject, the course reinforces and extends knowledge and understanding of the concepts of physics and develops skills in investigative practical work.

PUPIL ELIGIBILITY

You must have:

- Higher Physics
- Higher Mathematics

QUALIFICATION BREAKDOWN

Advanced Higher Physics SCQF Level 7:

- Rotational Motion and Astrophysics
- Quanta and Waves
- Electromagnetism

COURSE ASSESSMENT

The course assessment has two components, a question paper and a project.

There is a single question paper worth 155 marks which you are given 3 hours to complete. This is scaled by SQA to represent 75% of the overall marks for the course assessment.

The project has 30 marks. This is scaled by SQA to represent 25% of the final mark.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to do:

- Further study at a higher education undertaking Higher National Diplomas (HND) and degrees in Science, Engineering, Medicine and Teaching. The level you might enter would depend on the level and relevance of your other qualifications

PLUMBING - CONSTRUCTION SKILLS

Glasgow Clyde College – Cardonald Campus

SCQF Level 4 – Open to S5/6 Pupils

COURSE OUTLINE

The National Progression Award (NPA) Construction Skills (Plumbing) course will develop your practical skills and enable you to demonstrate your ability to complete common tasks within the construction industry (Plumbing). You will gain an understanding of the construction industry and will assist you to make informed choices regarding a career in construction. This course will also provide you with the opportunity to develop your personal development within the industry and participate in project work, which will help to prepare you for the workplace. You are required to work independently and in a team.

ATTENDANCE PATTERN

Tuesday and Thursday afternoons (1.30pm to 4pm).
The duration of the course is August to April.

PUPIL ELIGIBILITY

You must have:

- An interest in working in the construction industry
- 3 passes at National 4, which should include Maths and a Technical subject
- Some aptitude for graphical forms of communication, as you will be required to read basic drawings.

QUALIFICATION BREAKDOWN

NPA Construction Craft and Technician - SCQF Level 4

- Personal Development: Self and Work
- Understanding Industry
- Plumbing- Bending and Jointing Pipework
- Plumbing- Connecting pipes and fittings to appliances
- Plumbing- Constructing combined plumbing frames.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

On successful completion of this course, you will have the opportunity to be treated as an internal applicant. This means that should you wish to progress onto the next level you will not have to complete a formal application form.

You might go on to do:

- National Certificate (NC) Built Environment
- Pre apprentice Electrician
- Pre apprentice Plumbing

The level you might enter would depend on the level and relevance of your other qualifications

- Skills Development Scotland professionally qualified careers advisers are available in school to support young people with making key career decisions as they progress through school, and beyond.

WHAT ARE A FEW OF THE META SKILLS I WILL DEVELOP?

Higher (SCQF Level 6)

COURSE OUTLINE

Higher Politics will encourage you to develop important attitudes, including: an open mind and respect for the values, beliefs and cultures of others; an openness to new thinking and ideas; and a sense of responsibility and global citizenship. Politics contributes to learners' understanding of the society in which you live and work by helping you to develop an understanding of political ideas and political systems in a UK and international context. This sense of political understanding will, in turn, assist you in participating as effective contributors to society and responsible citizens within that society, as well as giving you more individual confidence in their learning and working lives.

PUPIL ELIGIBILITY

Recommended:

- Higher Pass in any social subject

QUALIFICATION BREAKDOWN

Higher Politics SCQF Level 6:

- Political Theory
- Political Systems
- Political Parties & Elections

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to study:

- Politics, Law, Social Sciences, Journalism, International Relations, Civil Service

POOL LIFEGUARDING

East Renfrewshire Culture and Leisure SCQF Level 5 – Open to S5/6 Pupils

COURSE OUTLINE

The National Pool Lifeguard Qualification is the most widely recognised lifeguard qualification in the UK & Ireland and is a requirement for most lifeguarding jobs in the country. East Renfrewshire Culture and Leisure will provide you with the opportunity to develop the knowledge and practical skills to work as a pool lifeguard and administer first aid as required, including cardiopulmonary resuscitation (CPR), automatic external defibrillator (AED) and pool related rescue equipment.

ATTENDANCE PATTERN

Two week block attendance (1st to 11th April - all day)

PUPIL ELIGIBILITY

You must:

- Be 16 years of age at the start of the course
- Be able to meet the following criteria:
 - jump/dive into deep water
 - swim 50 metres in less than 60 seconds
 - swim 100 metres continuously on front and back in deep water
 - tread water for 30 seconds
 - surface dive to the floor of the pool
 - climb out unaided without ladder/steps and where the pool design permits

QUALIFICATION BREAKDOWN

IQL Level 2 Award in Pool Lifeguarding, Intervention, Supervision and Rescue SCQF Level 5

- The Lifeguard and the Law, Swimming Pool Supervision
- Intervention and Rescue and Emergency Action Plans
- Cardiopulmonary Resuscitation, AED and First Aid

Please note, this course is physically demanding and will include swimming to set times, lifting casualties and diving in to the deepest part of the swimming pool.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to do:

- Employment as a Swimming pool attendant, recreation assistant, or beach lifeguard
- Scottish Vocational Qualification (SVQ) in Sport and Recreation
- Skills Development Scotland professionally qualified careers advisers are available in school to support young people with making key career decisions as they progress through school, and beyond

PRACTIAL ELECTRONICS

Glasgow Clyde College – Cardonald Campus

SCQF Level 5 – Open to S5/6 Pupils

COURSE OUTLINE

The National 5 Practical Electronics course will provide you with the opportunity to complete practical projects and investigative tasks. You will gain a broad practical introduction to electronics and a solid foundation for further study or a career in electronics, electrical engineering and related disciplines. You will develop knowledge and understanding of key concepts in electronics and apply these in a range of contexts. In addition, you will learn a range of practical skills in electronics, including skills in analysis, problem-solving, design skills, the safe use of tools and equipment, and evaluating products and systems. The Practical Electronics course provides a valuable complementary practical experience if you are already studying engineering science, physics or other science courses.

ATTENDANCE PATTERN

Tuesday and Thursday afternoons (1.30pm to 4pm).
The duration of the course is August to April.

PUPIL ELIGIBILITY

You must have:

- National 5 Maths and English.

QUALIFICATION BREAKDOWN

National 5 Practical Electronics SCQF Level 5:

- Circuit Design
- Circuit Simulation
- Circuit Construction.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to do:

- National Certificate (NC) Level 6 in Practical Electronics
 - Higher National Diploma (HND) Electronics
- The level you might enter would depend on the level and relevance of your other qualifications
- Skills Development Scotland professionally qualified careers advisers are available in school to support young people with making key career decisions as they progress through school, and beyond.

WHAT ARE A FEW OF THE META SKILLS I WILL DEVELOP?

Self Management

Initiative

Courage
Independent Thinking
Risk Taking
Decision Making
Self Belief
Self Motivation
Responsibility
Enterprising

PROFESSIONAL COOKERY

City of Glasgow College – City Campus SCQF Level 4 – *Open to S5/6 Pupils*

COURSE OUTLINE

The National Progression Award (NPA) in Professional Cookery will provide you with the opportunity to develop basic practical skills necessary to work in the catering industry. Working collaboratively, you will develop the capability to plan your time in the kitchen as part of a team, gathering ingredients, using equipment and communicating to complete your tasks on time. In addition, in one of the City of Glasgow College specialist bakeries, you will learn to produce a range of baked goods following industry-standard health and safety and hygiene measures.

ATTENDANCE PATTERN

Tuesday and Thursday afternoons (1.30pm to 4pm).
The duration of the course is August to April.

Please note, you will travel home independently by bus or train from the City of Glasgow College. Please refer to the Scottish Government free travel for young people under 22.

PUPIL ELIGIBILITY

You should have:

- An interest in professional cookery as this is as this is a practical course with participants learning to cook in a commercial kitchen
- National 4 English.

QUALIFICATION BREAKDOWN

**National Progression Award in Professional Cookery
SCQF Level 4:**

- Craft Baking: An Introduction
- Food Preparation Techniques: An Introduction
- Cookery Processes: An Introduction
- Food Hygiene for the Hospitality Industry
- Organisation of Practice Skills (OPS)

Please note: you will be handling meat and dairy products.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to do:

- A full time National Certificate (NQ Level 5) in Professional Cookery
- Group Award – Bakery SCQF Level 4
- A Modern Apprenticeship in the hospitality industry, leading to a relevant Scottish Vocational Qualification (SVQ) Levels 2 and 3. You would normally train on the job or off the job at college, restaurant kitchen, professional catering kitchen or training centre. Apprenticeships usually last for two or three years.

You will need to be 18 years of age or older for some of the jobs in this sector

- Skills Development Scotland professionally qualified careers advisers are available in school to support young people with making key career decisions as they progress through school, and beyond.

PROFESSIONAL THEATRE PREPARATION

Glasgow Clyde College – Langside Campus SCQF Level 6 – Open to S5/6 Pupils

COURSE OUTLINE

The National Progression Award (NPA) in Professional Theatre Preparation offers you the opportunity to develop your skills in acting. This course will provide the knowledge and skills and resources that may be called upon when preparing for interviews and auditions, for entry to drama courses and/or the theatre or performing arts profession.

ATTENDANCE PATTERN

Tuesday and Thursday (1.30pm to 4pm).
The duration of the course is August to April.

PUPIL ELIGIBILITY

You must be working towards or have:

- Previous experience of drama, theatre groups, acting clubs, Higher Drama or equivalent
- English National 5.

QUALIFICATION BREAKDOWN

National Progression Award in Professional Theatre Preparation SCQF Level 6:

- Preparation for Audition
- Drama: Acting Skills
- Creative Project

There is one mandatory unit, Preparation for Audition, which will prepare you for the audition process through developing a broad overview of the types of work available within the performing arts sector and preparing for, performing and evaluating your own audition performance. You will then work on the specific practical skill of acting. This course is highly practical in nature.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

Upon successful completion and subject to attendance, effort and commitment you will be offered an Unconditional place within Glasgow Clyde College on one of the following courses. The level you might enter would depend on the level and relevance of your other qualifications.

- National Certificate (NC) Acting and Performance
- Higher National Certificate/Diploma (HNC/HND) Acting and Performance.

You might also go on to:

- Employment opportunities after training such as, lighting technician, actor, prop maker, scenic artist, set designer, stage manager, stagehand, or wardrobe assistant
- Skills Development Scotland professionally qualified careers advisers are available in school to support young people with making key career decisions as they progress through school, and beyond.

PSYCHOLOGY (S6 ONLY)

Higher (SCQF Level 6)

COURSE OUTLINE

The Higher course is offered to 6th year pupils. The course enables learners to develop an understanding of the psychological study of the human mind and behaviour in a range of contexts, and enhances the ability to use evidence to explain behaviour. The course develops skills of analysis, evaluation and research which are transferable to many other subject areas and are essential for study in Higher Education.

PUPIL ELIGIBILITY

Must have:

- 4 Highers at a B
- Interested in a course in Psychology

QUALIFICATION BREAKDOWN

- Individual Behaviour – Sleep and dreams
- Social Behaviour – Conformity and obedience and Prejudice
- Research

COURSE ASSESSMENT

To achieve a full award learners must complete an assignment worth 40 marks out of a total of 120 marks for the course assessment. The remaining 80 marks are examined by SQA through a question paper exam. The Course is graded A–D.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to do:

- University Psychology degrees which can cover a wide range from composite degrees through to specialisation in certain fields such as Criminal and Forensic Psychology or Counselling.

PSYCHOLOGY

Glasgow Clyde College – Langside Campus

SCQF Level 7 – Open to S6 Pupils

COURSE OUTLINE

Glasgow Clyde College will provide you with the opportunity to gain a Personal Development Award in Psychology. The Psychology award aims to provide you with an understanding of psychology and will look at the historical development of psychology since the 19th Century. The major schools of thought that have influenced the development of psychology will be considered (behaviourist, cognitive, psychoanalytic and biological) as well as the contributions of famous psychologists.

ATTENDANCE PATTERN

Tuesday and Thursday afternoons (1.30pm to 4pm).
The duration of the course is August until April.

PUPIL ELIGIBILITY

You must have:

- a minimum of an A or B grade in one of the following subjects: Higher English, Higher Geography, Higher History, Higher Media Studies, Higher Modern Studies, Higher Psychology or Higher Sociology
- a clear interest in the subject area

QUALIFICATION BREAKDOWN

Personal Development Award in Psychology SCQF Level 7

- History and Development of Psychology
- Explanation and Research of Psychological Topics

This course is demanding in terms of written work, study at home and group work.

COURSE ASSESSMENT

The course will be assessed in a variety of ways including an essay response, a closed book assessment and a research assignment. The purpose of the assignment is to assess research and communication skills appropriate to psychology. Small groups will choose to investigate a relevant research topic, design the research method, conduct the research and then write a report using a standardised format. Each individual will write their own report.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to do:

- Full time higher education course in social science at college or university degree courses in psychology, neuropsychology, arts, social sciences, sciences, criminology or business studies. The level you might enter would depend on the level and relevance of your other qualifications
- Employment in psychology, social sciences, sciences, criminology or business

Further information on psychology and the prospects it offers can also be found at www.bps.org.uk

- Skills Development Scotland professionally qualified careers advisers are available in school to support young people with making key career decisions as they progress through school, and beyond.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to do:

- University degree courses in Philosophy, Law, Medicine, Journalism, Literature, Media and Social Sciences. The level you might enter would depend on the level and relevance of your other qualifications.

SCIENTIFIC TECHNOLOGIES

National Progression Award (SCQF Level 6)

COURSE OUTLINE

This course focuses mainly on Chemistry and Mathematics.

Unit 1: Laboratory Safety

This first unit will allow you to gain experience and practice in working safely in a laboratory environment. It will provide you with knowledge of safety and security procedures and how these are applied to a specific laboratory. You will also learn about common laboratory hazards.

Unit 2: Mathematics for Science 2

In this unit, you will have the opportunity to gain an understanding of the mathematics, which is the foundation for all branches of Science. It aims to allow you to develop your skills in calculation, algebra, graph reading and drawing.

Unit 3: Fundamental Chemistry: An Introduction

Throughout this unit, you will be introduced to the basic concepts of Chemistry. This involves a range of theoretical concepts and practical work.

Unit 4: Experimental Procedures: Science

The practical skills of pupils in performing scientific experimental procedures will be developed in this unit. It will also involve processing the results obtained through carrying out practical work. You will have the opportunity to carry out a laboratory-based project within this unit.

PUPIL ELIGIBILITY

You must have:

- National 5 in Biology, Chemistry, Physics
- Pupils also require a pass in National 5

QUALIFICATION BREAKDOWN

You will be required to achieve all the required unit passes as outlined below:

- Laboratory Safety (SCQF Level 5)
- Mathematics for Science 2 (SCQF Level 5)
- Fundamental Chemistry: An Introduction (SCQF Level 6)
- Experimental Procedures: Science (SCQF Level 6)

The course is assessed as pass/fail – not graded. There is no final exam.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to do:

- Employment opportunities such as Laboratory Assistant, Technician trainee, Trainee Scientist, Technician, Scientist, or Technologist
- A full time higher education course, such as a Higher National Certificate (HNC), Higher National Diploma (HND) or degree. The level you might enter would depend on the level and relevance of your other qualifications.

SCOTTISH SWIMMING INSTRUCTOR (SSTQ)

East Renfrewshire Culture and Leisure SCQF Level 7 – *Open to S5/6 Pupils*

COURSE OUTLINE

- Play for Children and Young People
- Communication with Children and Young People
- Development of Children and Young People
- Promote the Wellbeing and Safety of Children and Young People

A Foundation Apprenticeship is a work based learning apprenticeship, where you are expected to attend work placements either physically or remotely including work shadowing, industry talks, industry visits and work related training.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

On successful completion of this course, you will have the opportunity to be treated as an internal applicant. This will also be dependent on your attendance and commitment to this course. You could progress on to the following full-time programmes:

- HNC Childhood Practice (SCQF Level 7) • HNC Additional Support Needs (SCQF Level 7)

You might also go on to:

- A Modern Apprenticeship in Childcare or Early Years Care and Education, leading to a Scottish Vocational Qualification (SVQ) Levels 2 to 4 in Social Services: Children and Young People

On gaining employment, further possible progression onto level 8 Professional Development Award as well as degree level study at SCQF level 9

- Skills Development Scotland professionally qualified careers advisers are available in school to support young people with making key career decisions as they progress through school, and beyond.

Higher (SCQF Level 6)

COURSE OUTLINE

This course provides the opportunity to develop a pupil's interest in learning the Spanish language and build on their curiosity of Spanish culture. Pupils will continue to improve talking, listening, reading and writing skills. A variety of topics are studied based on four contexts: society, learning, employability and culture. Spanish will be used in class as much as possible and pupils will frequently work with their teacher to improve their talking skills. Authentic videos, texts and listening materials will be used as well as up-to-date media. Pupils will develop an in-depth understanding of how Spanish works to enable them to use their knowledge to say and write what they want in Spanish, rather than learning phrases off by heart. Successful completion of the Higher Spanish course will provide pupils with a good level of language competence and the opportunity to feel ready to have a conversation with a Spanish speaker.

PUPIL ELIGIBILITY

You must have:

- National 5 French or Spanish
- If you would like to crash Higher Spanish, then you must have passed Higher French.

QUALIFICATION BREAKDOWN

Higher Spanish SCQF Level 6:

- Understanding Language: Reading and Listening
- Using language: Talking and Writing
- Final exam: Including internally assessed talking performance

ADDITIONAL QUALIFICATIONS

- Additional qualifications in a wide range of languages can be organised on a bespoke basis through partnerships, where possible.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to do:

- Advanced Higher Spanish
- An additional Higher in French

Advanced Higher (SCQF Level 7)

COURSE OUTLINE

The Advanced Higher Spanish course will allow you to develop further your language skills to a level of competence, whether or not you intend to follow a language course in higher or further education. The course provides you with the opportunity to further develop your reading, listening, talking and writing skills. In addition it will contribute to your general education through consideration of intellectually stimulating topics. As far as possible, the foreign language is the medium of instruction and discussion. You will have access to a range of authentic materials including videos, newspapers and magazines.

PUPIL ELIGIBILITY

You must have:

- Higher Spanish at A or B

QUALIFICATION BREAKDOWN

Advanced Higher Spanish SCQF Level 7:

- Understanding Language: Reading and Listening
- Using Language: Talking and Writing
- Specialist Study

ADDITIONAL QUALIFICATIONS

- Additional qualifications in a wide range of languages can be organised on a bespoke basis through partnerships, where possible.

WHAT OPPORTUNITIES WILL BE AVAILABLE TO ME WHEN I FINISH?

You might go on to do:

- Further study of Spanish at Higher or Further education
- Many degrees offer time abroad and Advanced Higher Spanish equips you with the linguistic competence to spend a term or longer in a Spanish speaking country while fully benefiting from having the necessary understanding of the language.

SPORT COACHING THROUGH PLAY

Glasgow Clyde College – Cardonald Campus
